PRODUCTS

CLEAN LIKE YOU MEAN IT!

PCI offers a complete line of soaps and detergents. Most of these products come in both liquid and powder form and in a variety of sizes from 1-gallon jugs to 55-gallon drums. All cleaning products are produced in accordance with specific formulations and in compliance with recognized industry standards. Quality control is assured with routine inspection and product evaluations. Material Safety Data Sheets are available for each item upon request.

All Pennsylvania Correctional Industries customers can get assistance from a PCI Sales Representative or Customer Service Representative. These individuals provide detailed information on more than 2500 PCI products and services and can help in selecting the best solution for your business or organization, and can assist in placing orders. If you do not know your Sales Representative information, please use our Sales contact information to the right.

CORRECTPAC

CORRECTPAC

PCI CorrectPac[®] System

Economical

The CorrectPac[®] system allows you to forecast and document the use of cleaning detergents for accurate and controlled application, helps you monitor inventories and budgets and provides the data necessary for compliance. As a result, fewer products are used, simplifying training and standardizing operations.

Easy to Use & Control

Distribute the correct number of Pacs needed for the job, improving safety and security. Color-matched products, accessories and MSDS simplify training and help ensure that the right products are used correctly. Education and support materials are easy to understand and use international symbols to help personnel learn efficiently.

More Environmentally Sustainable

Every CorrectPac product, not just a special line, delivers effective cleaning, cost savings and environmentally responsible formulations. Minimal packaging saves energy used to ship and store and reduces disposal costs. Maximum concentrates conserve energy in manufacturing, shipping and distribution. Portion control improves performance through more accurate dilutions and reduces the amount of solution disposed of into the waste stream.

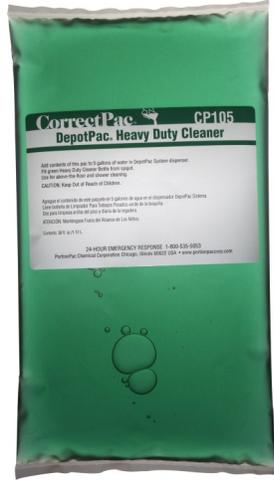

Green Seal[™] Certified Products

These products meet Green Seal Standard[™] GS-37, GS-51, or GS-53, as applicable, based on effective performance, concentration of product, minimized/recycled packaging, and protective limits on VOCs and human and environmental toxicity. Greenseal.org.
