## Section 1 – General Procedures

### A. Setting for Visits

1. An inmate in general population will be permitted contact visits in a relaxed setting, under supervision of the assigned Correctional Officer(s).<sup>1</sup>
2. An appropriate outdoor area furnished with tables may also be provided.
3. The inmate and visitor(s) may eat and drink items sold within the visiting room or outdoor visiting area.<sup>2</sup>
4. If space permits, a children's play area will be provided with toys and books.

### B. Rules<sup>3</sup>

1. An inmate in general population will be permitted to have visits in accordance with the visiting hours established by the facility. Visiting **may** be permitted every day of the year unless suspended by the Facility Manager.
2. Only attorneys and religious advisors will be permitted to visit during the first ten days following commitment to a Diagnostic Classification Center.
3. Visits shall be no less than one hour in duration and shall occur during regularly scheduled visiting hours. Longer periods may be allowed depending upon the inmate's custody level and available space.<sup>4</sup>
4. The number of visitors any inmate may have at any one time may be limited depending upon available space. Each facility will designate the maximum number of visitors permitted per inmate, per visit and the maximum capacity of people, inmates, and visitors, permitted in the visiting areas. In the event that visiting areas are at full capacity, and more visits are to be conducted, visits will be terminated on a "first in/first out" basis provided the minimum visiting time of one hour has elapsed.<sup>5</sup> ***An exception to the "first in/first out" rule shall be made for visitors who have paid for transportation and are visiting via Pennsylvania Prison Society (PPS) and Family Services of Western PA buses.***
5. All minor children must be accompanied by a parent/legal guardian, county children/youth services agency staff, or an adult approved by the parent/legal guardian to accompany the child. The parent/legal guardian shall indicate, on the **DC-313, Visitor Inquiry (Attachment 1-A)** or the **DC-313A, Special Visitor Inquiry (Attachment 1-B)**, his/her

- approval for the minor to visit and the name of an adult who may accompany the child on the visit.
6. Visiting more than one inmate **at one time** is not permitted without a valid reason and must be approved by the Facility Manager.
  7. Unless the Facility Manager/designee grants special permission, no person may be on more than one inmate's visiting list at any one facility except in cases where the person is part of the immediate family of more than one inmate. A visitor may be granted visiting privileges at more than one facility.
  8. Any visitor's privileges may be limited, suspended, or restricted (such as non-contact visits only or a restriction on visiting at more than one facility), **or subject to indefinite termination** if information becomes available suggesting that allowing the individual to visit poses a threat to the safety and security of any Department facility.
  9. Every inmate having visits is required to wear underwear and a Department supplied jumpsuit and shoes. Any inmate reporting to the visiting changing area who is not wearing underwear will be denied having that visit (undershorts for males, undershorts and bra for females).
  10. Visitors are expected to dress appropriately and avoid clothing styles that are revealing or provocative. The standard language and posting for the visiting rooms will be, "See-through garments and garments that expose private parts of the body will not be permitted. Swimming suits, clothing that is too short, and clothing that exposes the midriff are prohibited. Clothing that references obscene language, drugs, sex, or violence is also prohibited. Failure to comply with these guidelines may result in the visitor not being permitted to visit." A listing of clothing items that are not permitted to be worn when visiting a Department facility can be accessed on the Department's public website, [www.cor.pa.gov](http://www.cor.pa.gov).
  11. Visitors are not permitted to leave money for the inmate they are visiting. Funds will only be accepted via the mail, in the form of a money order or a certified check, and/or by electronic transfer. The Department's public website, [www.cor.pa.gov](http://www.cor.pa.gov), contains instructions for making an electronic transfer of funds into an inmate's account.
  12. Visitors are not permitted to take coats, jackets, or other outer garments (excluding suit coats, sports jackets/blazers and/or cardigan type sweaters) used for protection from the elements, to the seating area of the visiting room or outdoor visiting area. All such garments must be secured in a locker in the facility lobby area, or placed on a coat rack in the visiting room, whichever procedure is provided at the facility.<sup>6</sup>
  13. Each facility shall make available to visitors, upon request, an informational pamphlet that contains the facility visiting rules and procedures.

### **C. Visitor Identification & Registration**

1. Proper identification is required for all visitors.<sup>7</sup> Proper forms of identification, and the number required, are contained in the **DC-315, List of Acceptable Forms of Identification (Attachment 1-C)**.
2. A visitor who cannot produce acceptable identification will not be permitted to visit unless approved by the Facility Manager/designee. A visitor who falsifies identifying information will be suspended/barred from the facility for a period of time determined by the Facility Manager.
3. All visitors are required to register in and out of the facility using the **DC-325, Register of Institutional Visitors Form**.<sup>8</sup>
4. During the initial visit by a child, the Visiting Processing Officer is to determine if the child is five years of age or less and add that determination to the visitor tracking system. During the initial and any subsequent visits by the child, the Visiting Processing Officer shall notify the Visiting Room Officer of those visits in which the inmate may hold his/her child as noted in **Subsection D.3. below**. The adult accompanying the child is to be notified of the determination and of the subsequent restrictions.

### **D. Inmate – Visitor Physical Contact**

1. The inmate and visitor(s) may share a brief kiss and embrace only when meeting and departing.
2. If at any time during the visit the Visiting Room Officer has concerns regarding the appropriateness of the inmate's or visitor's behavior, the Visiting Room Officer will direct the inmate and the visitor to separate.
3. The inmate may only hold small children five years of age or less on his/her lap. The Visiting Room Officer will closely monitor situations when an inmate is holding such children or the child is sitting on an inmate's lap and the amount of time the child is being held. If the Visiting Room Officer has any concern regarding the size/age of a child, the amount of time the inmate has held the child, the amount of time the child has been sitting on the inmate's lap, or the manner in which the child is held or handled, the Visiting Room Officer will direct the inmate to remove the child from his/her lap.
4. An inmate who violates the visiting room rules as they pertain to the holding of small children or inappropriate physical contact with any visitor jeopardize both his/her own visitation privileges as well as those of the visitor. Any serious or repeated violations of these rules may result in a misconduct and/or prohibition of contact visits. If contact visits are prohibited, the Facility Manager will make such a decision based upon the information concerning the incident and the prohibition will be for all visits and for a

specific period. If a minor child is involved, a permanent prohibition for contact visits with all minor children will be imposed. Reinstatement of contact visits with minor children, in violation of this section, requires the written approval of the Secretary/designee.

5. An inmate who has a prohibition on contact visits with minor children at one facility will not be permitted contact visits with minor children at any other facility.

### **E. Approved Visitors List**

1. A list of approved visitors shall be established during the initial classification period and recorded on the **DC-311A, Approved Visitors Form (Attachment 1-D)**.<sup>9</sup> The authorized visitors list may contain up to **50** names.
2. Each facility shall establish procedures for approving the names of all persons with whom the inmate wishes to visit before he/she is placed on the authorized list. This includes the names of all minor children. Any individual meeting the criteria listed in **Subsection M.1. below** will not be approved for visiting without approval of the Facility Manager.
3. Changes or additions to the approved list may be made in accordance with established procedures using a **DC-312A, Supplementary Approved Visitors Form (Attachment 1-E)** at the times specified by the facility.
4. Each inmate must supply all the information required by the **DC-311A** and the **DC-312A** forms for a visitor to be approved. This information includes the visitor's name, date of birth, relation, and address. If any of this information is not provided, the visitor will not be approved.
5. All staff must maintain the confidentiality of an inmate's visiting list. Staff shall not disseminate any information to outside visitors regarding the content of an inmate's visiting list. Any person making inquiries as to the content of an inmate's visitors list should be directed to write to that inmate for information. This restriction does not apply to the courts or law enforcement agencies.
6. The name of a visitor may be removed upon authorization of the Facility Manager.

### **F. Visitor Quality Assurance Program**

1. The **Visitor Quality Assurance Program Memo (Attachment 1-F)** and the **Visitor Quality Assurance Program Survey Form (Attachment 1-G)** shall be made available to every visitor at the facility. Reports on data received shall be prepared and submitted to the Facility Manager/designee and appropriate Department Heads.

### **G. Administrative/Disciplinary Custody Status Inmates**

An inmate in Administrative/Disciplinary Custody shall be governed by Department policy **DC-ADM 801, "Inmate Discipline,"** and **6.5.1, "Administration of Security Level 5 Housing Units."** A restricted housing unit inmate will be restricted to weekday visits (excluding holidays) only. An inmate in a Secure Residential Treatment Unit (SRTU), **or other similar specialized unit,** shall be governed by the program phases.

### **H. Capital Case Inmates**

Prior to the Governor's warrant being issued, only non-contact visits are permitted and the length and frequency of visits will be in accordance with Department policy **DC-ADM 802, "Administrative Custody."** After the Governor's warrant has been issued, all non-contact visits are restricted by law to the inmate's attorney, religious advisor, and members of the immediate family, unless otherwise directed by court order and in accordance with Department policy **6.5.8, "Capital Case Administration."**

### **I. Inmates in Outside Hospitals**

1. Visiting privileges for an inmate who is in an outside hospital as an inpatient will only be permitted as approved by the Facility Manager or in cases of serious illness or injury that may be life threatening.
2. Visiting for an inmate who is in an outside hospital as an inpatient will be restricted to immediate family members who have been previously approved and placed on the inmate's authorized visiting list or for immediate family members who are not on the list but that have traveled a considerable distance.
3. The Officer assigned to the hospital shall notify the facility of the names and relationship of each visitor and the starting and ending time of any visit.
4. Visitors will be limited to two family members in the room at any one time unless the hospital requires a lower number.
5. Outer clothing garments, purses, hand bags, brief cases, food items, gifts, etc. are prohibited from being taken into the inmate's room. The visitors may not leave any items (e.g., food, money) for the inmate.
6. The inmate's restraints are to be checked by the Officer on duty, before and after any visit.

7. In accordance with Department policy **DC-ADM 819, “Religious Activities,”** the Facility Chaplaincy Program Director (FCPD)/designee may visit an inmate hospitalized as an inpatient in outside hospitals.

## **J. Special Programs**

An inmate participating in a special program such as the Motivational Boot Camp and Forestry Camp shall be afforded visiting privileges consistent with the established goals of the program. Each Program Administrator shall develop appropriate procedures for visiting at these locations.

Visit the PPS web site at [www.prisonssociety.org](http://www.prisonssociety.org) or phone (215) 564-4775 for a bus schedule and ***ticket*** pricing information. ***A visitor in need of transportation to an SCI from the Pittsburgh area may contact Family Services of Western Pennsylvania for a bus schedule and ticket pricing information.*** Additional ***transportation-related*** information, as it becomes available, shall be posted to the bulletin boards throughout the facility.

## **M. Prohibited Visitors**

1. The following categories of individuals will generally be prohibited from visiting an inmate:
  - a. a former inmate of any correctional system;
  - b. any person who is currently under parole or probation supervision;
  - c. any current inmate in pre-release status;
  - d. any Department employee;
  - e. any former Department employee;
  - f. any currently active Volunteer for the Department;
  - g. any current or former contract employee;

- h. any victim of the inmate (without prior approval); and/or
  - i. ***anyone who has an active Protection from Abuse (PFA) Order against that inmate that prohibits such contact.***
2. The Department recognizes that legitimate reasons may exist for an inmate to receive visits from those categories of persons listed above. These persons may visit only with the permission of the Facility Manager as set forth below.
  3. The following procedures shall be followed for requesting approval for a prohibited individual to visit.
    - a. The inmate requesting such a visit must submit a request slip to his/her counselor identifying the visitor by name, relationship, and status (current inmate, former inmate, parolee, employee, etc.).
    - b. The counselor shall ensure that a Unit Team recommendation is provided to the Facility Manager regarding the advisability of this visit.
    - c. In the case of a pre-release inmate or current employee, the Facility Manager of the requesting facility shall contact any other Facility Manager involved for his/her approval. The Facility Manager of the facility where the visit is to take place shall make the final decision regarding this visitation request.
    - d. Any ex-offender currently on probation or parole must be pre-approved. An ex-offender currently on probation or parole will not be considered for visiting unless he/she had completed at least one year of successful parole or probation supervision and has prior written permission from his/her Parole or Probation Officer. The Facility Manager/designee may make an exception to the one year rule.
    - e. An ex-offender whose parole or probation has expired must have proof of the expiration of his/her parole or probation.
  4. If visiting privileges have been approved for a Prohibited Visitor at a facility, and the inmate is transferred to a new facility, the approval shall follow. If the Facility Manager at the receiving facility determines that a review is necessary, those visiting privileges will remain active while under review. Should information be found that would warrant these privileges be denied/suspended, the visitor and the inmate shall be informed in writing of this decision.

#### **N. Suspension, Termination, or Restriction of Visiting Privileges**

1. Visits may be suspended, terminated, or restricted, to maintain the security or orderly running of the visiting room and/or the facility or as made necessary by the behavior of the inmate or visitor(s). 3. Visitation may be restricted or suspended, special security precautions imposed for violation of visiting rules, or as warranted by the behavior of the inmate and/or visitor(s) involved.
4. ***In accordance with Department policy DC-ADM 801, any inmate who is dealing, using (including positive drug test results or refusal to submit to drug testing), or possessing illegal or non-prescribed drugs and/or drug paraphernalia, will be prohibited from having contact visits for the period specified below. This period and the special security precaution will commence immediately upon the issuance of the misconduct and continue, pending the outcome of the misconduct hearing. Upon a finding of guilt, contact visits shall be prohibited for the periods outlined below, and the inmate shall be referred to the Drug and Alcohol Treatment Department for an assessment of treatment needs. If the inmate is found not guilty of the misconduct, then contact visits shall be reinstated immediately.***

5. ***If the Facility Manager determines it is necessary to escalate the sanction (regardless of the number of offenses), he/she shall make a recommendation to the Secretary/designee, who will be the approving authority of such an action.***
6. After three years of an inmate's contact visiting privileges being suspended, and provided that the inmate has successfully participated in Alcohol and Other Drugs Treatment, the inmate may request reinstatement of his/her visiting privileges by submitting a written request to the Facility Manager. Upon receipt of such a request, the Facility Manager shall review the request, make a recommendation of approval/disapproval, and forward it to the ***Executive Deputy Secretary for Institutional Operations (EDSI)***/Regional Deputy Secretary. The ***EDSI***/Regional Deputy Secretary shall determine ***if*** the inmate's visiting privileges are to be reinstated and inform the Facility Manager of the determination. The Facility Manager/***designee*** shall inform the inmate of the decision.
7. Any visitor, including immediate family members of the inmate, who attempts to bring or who brings drugs ***onto*** the grounds of any Department facility will be ***indefinitely*** banned from visiting at all Department facilities (***includes video visitation***) and the matter shall be referred to the Pennsylvania State Police for prosecution.

---

9. Restriction of visiting privileges will not be used as a disciplinary measure for unrelated facility rule infraction. However, visiting privileges may be restricted as a result of changes in housing or custody level made as a result of an unrelated infraction. An inmate who violates any of the visiting room rules jeopardizes both his/her own visitation privileges as well as those of the outside visitor.
  
10. A visitor who is suspended or barred at one facility shall not be permitted to visit at any other facility (***includes video visitation***). The Bureau of Information Technology (BIT) is responsible for ensuring that a comprehensive suspended/barrred visitor's list is made available at each facility.

## **Section 2 – Special Inquiries and Visits**

### **A. Special Inquiries**

1. The parent or legal guardian of a minor child, including a child of the inmate, submitted for Visiting List approval, shall be notified of such a request and that the parent or legal guardian shall indicate in writing that he/she approves of or objects to the minor visiting the inmate. If no response is received, the request for approval of the minor as a visitor shall be denied.
2. A minor may only visit when accompanied by a parent/legal guardian, County children/youth services agency staff, or an adult(s) approved by the parent/legal guardian to accompany the child.
3. In cases where the inmate is, or was previously convicted or adjudicated for an offense resulting from any physical or sexual abuse of a minor, the parent or legal guardian of a minor child, including a child of the inmate, shall be notified of all convictions, adjudications, or charges as set forth below. This notification is also required for cases in which the initial charge(s) were reduced to a lesser charge if a review of the facts of the crime indicates that the offense did involve any physical or sexual abuse of a minor. The parent or legal guardian must indicate in writing that he/she is aware of the charges against the inmate, that he/she approves of or objects to the minor visiting the inmate, and whether the minor was or was not a victim of the inmate. If no response is received, the request for approval of the minor as a visitor will be denied.
4. Any inmate who, as an adult or as a young adult offender, was ever convicted or adjudicated for a physical or sexual offense against a minor is prohibited from having a contact visit with any minor child. The Facility Manager may grant contact visits for such an inmate under special circumstances.<sup>1</sup>
5. In cases where there is insufficient information relative to the minor child or where any other concerns exist, the Facility Manager may remove, disapprove, or place restrictions (such as non contact visits only) on visits with the minor child.
6. In cases where a young adult offender committed a sexual offense, and the case was ordered sealed by the court, no notifications shall be made. In these cases the Facility Manager may, based upon this information or other concerns, remove, disapprove, or place other restrictions (such as non-contact visits only) on visits with any or all minor children.
7. As part of the inmate's annual review, the inmate's counselor will review the inmate's case history and ensure that all required visitor inquiries have been made.
8. If any staff member becomes aware of new or additional information pertaining to a sexual offense committed by an inmate, the staff member is to bring the information to

the attention of the Shift Commander and the inmate's Unit Manager as soon as possible via a **DC-121 Part 3, Employee Report of Incident**, in accordance with Department policy 6.3.1, "Facility Security."

9. ***If visiting privileges have been approved for a Prohibited Visitor at a facility, and the inmate is transferred to a new facility, the approval shall follow. If the Facility manager at the receiving facility determines that a review is necessary, those visiting privileges will remain active while under review. Should information be found that would warrant these privileges be denied/suspended, the visitor and the inmate shall be informed in writing of this decision.***

## **B. Special Visits**

### 1. General

Provisions shall be made for approval of special visits in cases of exceptional or extraordinary need. Special visits may include visits from a person who has come a long distance, visits to a hospitalized inmate, visits to an inmate in disciplinary status, and visits between an inmate and his/her attorney, clergy, social service agency representative, etc. and are not counted against the number of authorized regular visits. Only the Facility Manager/designee may approve special visits. Absent this approval, only a person on the inmate's approved list may visit.<sup>2</sup>

### 2. Religious Advisor

Designation by an inmate of a Religious Advisor, as defined in Department policy **DC-ADM 819, "Religious Activities,"** may be made at any time. Such designation shall be in addition to the names on the approved list and will not be counted against the total of 40 and visits of this type will not be counted against the number of authorized regular visits. A Religious Advisor must be approved by the Facility Chaplaincy Program Director who will verify that the Religious Advisor is endorsed by the faith group authority. Volunteers, relatives, and family members will not be approved to be a Religious Advisor. An approved individual may be an advisor for more than one inmate, however, that individual may only visit one inmate at a time. There may be no group religious meetings in the visiting room unless the Facility Manager grants special permission. The length and number of visits for Religious Advisors may be limited depending upon available space.

### 3. Attorneys<sup>3</sup>

An inmate may designate attorneys, with whom he/she desires visiting privileges, at any time.<sup>4</sup> Such designation shall be in addition to the names on the approved list and will not be counted against the total of 40 and visits of this type will not be counted against the number of authorized regular visits.

- b. An attorney who has been designated by an inmate as his/her legal advisor may permit persons, such as a law student, paralegal, or investigator to visit the inmate to act as the attorney's agent. Each person shall present to the facility at the time of the visit, a written statement signed by the attorney on the letterhead of his/her firm identifying each person as the attorney's agent and attesting that the visit is for the purpose of a legal consultation.
- c. Each attorney and his/her agents are subject to the same rules and regulations as other visitors.
- d. An inmate is prohibited from taking any legal materials into or from the visiting room without prior approval by the Facility Manager/designee.

#### 4. Official Visitor

Any official visitor may enter and visit any State Correctional facility on any day, including Sunday, between the hours of 9:00 a.m. and 5:00 p.m. but shall not be authorized to enter and visit at any other time except with special permission of the official in charge of the facility. Official visitors shall have the right to interview privately, any inmate in the cell or room where he/she is confined. However, if the official in charge of the facility deems such cell entry is dangerous to the safety of the visitor, the inmate may be taken to another room where the interview will still be conducted privately. Employees of an official visitor may accompany and be present during an interview conducted by an official visitor except the number of such employees may be limited based on space and security needs of the facility.
- b. An official visitor shall be permitted to use the attorney visiting rooms upon request (if available) for a private meeting with the general population inmate(s) that he/she wishes to visit. He/she can meet with one inmate at a time in a private meeting; he/she can meet with multiple inmates consecutively; or he/she can meet with a small group of inmates, as requested (unless there are legitimate security reasons why group meetings should be prohibited). A request to visit an L5 inmate will be accommodated in the L5 non-contact visiting booths. He/she can only meet with one L5 inmate at a time; however, he/she can meet consecutively with multiple L5 inmates on the same day, if requested. <sup>5</sup> 4-4275

## **Section 3 – Security**

### **A. General Security Procedures**

1. If it is determined that a visit is or could be a threat to the security and orderly running of the facility, the visit may be terminated or denied.
2. Separate areas will be provided at all facilities whereby an inmate appearing for a visit will be searched and his/her state issued clothing and footwear exchanged for visiting room clothing and footwear. The reverse procedure will be followed upon completion of the visit.<sup>1</sup> The facility shall ensure that all visiting room clothing is laundered before reissue and that either all footwear is laundered or an appropriate disinfectant spray used before reissue.
3. All inmate visits will be recorded in the inmate visitors' computerized tracking system.
4. The inmate must be present in the visiting search area before the inmate's visitors are permitted to enter/depart the visiting room.

### **B. Searches**

1. General
  - a. Every visitor and inmate is subject to search before, during, and after visiting. Any visitor or inmate refusing to comply with facility search procedures will not be permitted any further visits unless authorization is received from the Facility Manager.<sup>2</sup>
  - b. With the exception of **Subsection B.1.b.(4) below**, each visitor is required to successfully pass a metal detection process prior to a contact visit. The process to be used is as follows.
    - (1) Each visitor must walk through a "walk through" metal detector. If the metal detector does not sound an alarm indicating the presence of a metallic object, a contact visit will be permitted, provided there are no other reasons to restrict the visit to non-contact or to deny the visit. If the metal detector sounds an alarm indicating the presence of a metallic object, the visitor will be scanned with a "hand held" metal detector in an effort to determine the source of the alarm. If the source of the alarm is determined to be a non-contraband item (e.g., coins, jewelry, metal zipper/buttons/snaps, etc.), a contact visit will be conducted provided there are no other reasons to restrict the visit to non-contact or to deny the visit. The Shift Commander is responsible for making the determination if a contact or non-contact visit is to be conducted or the visit denied. If the source of the alarm is contraband, the visit will be denied.

---

<sup>1</sup> 5-2E-4156

<sup>2</sup> 5-2E-4156, 5-7D-4503

- (2) If the source of the alarm is believed to be an article of outer clothing such as a coat, sweater, or shoes, the visitor may remove the item. The removed item is to be searched and the procedures outlined in **Subsection B.1.b.(1) above** repeated. If the item is contraband-free and the visitor successfully passes the second scanning, a contact visit may be conducted, provided there are no other reasons to restrict the visit to non-contact or to deny the visit. If the item contains contraband, the visit will be denied. If the visitor fails to successfully pass the second scanning, a non-contact visit will be permitted based upon the availability and the location of the non-contact visiting area and determination of the Shift Commander.<sup>3</sup> The visitor shall be notified that the wearing of that item for a future visit will result in his/her visit being denied. The Shift Commander is responsible for making the determination if a non-contact visit is to be conducted or the visit denied.
- (3) If the source of the alarm is believed to be an article of underclothing, the visitor will not be permitted to remove the item. The visitor may be offered a non-contact visit based upon the availability and the location of the non-contact visiting area and determination of the Shift Commander, provided there are no other reasons to deny the visit, and shall be notified that the wearing of that item of clothing for a future visit may result in his/her visit being denied. The Shift Commander is responsible for making the determination if a non-contact visit is to be conducted or the visit denied.
- (4) For a visitor with a metal implant, or who is medically required to wear an item constructed with metallic items (e.g., back brace, knee support, etc.), or who is medically required to use an ambulatory assistance device (e.g., wheel chair, walker, cane, crutches, etc.) to have contact visits he/she must provide a doctor's certificate verifying the medical requirement. If a claim of such a medical requirement is made during the initial visit and no doctor's certificate is available at that time, a non-contact visit may be permitted. A doctor's certificate is required at the subsequent visits for contact visits to be conducted. A visitor with such requirements will be scanned with a "hand held" metal detector for detection of metallic objects other than those medically required. The Shift Commander is responsible for making the determination if a non-contact visit is to be conducted based upon the availability and location of the non-contact visiting area, or the visit denied.
- (5) A visitor will be allowed to take medically required ambulatory assistance devices (e.g., wheel chair, walkers, canes, crutches, etc.), into the visiting area. An inmate in the visiting area is prohibited from handling any of these articles.
- (6) Pat searches and/or strip searches of a visitor are strictly prohibited.
- (7) The Facility Manager will be notified in writing of all contraband finds, all approved non-contact visits, and all denied visits.

---

<sup>3</sup> 5-2E-4156

- c. A visitor will be permitted to bring baby food in the original unopened jars into the visiting room. Officers will open all vacuum-sealed containers to ensure the jars have not previously been opened. Facilities may develop local procedure to address the amount of baby food that may be taken into the visiting room. A visitor may take up to three bottles into the visiting area. The bottles must be of clear plastic and contain pre-mixed formula or white milk.
- d. A visitor may take up to three diapers into the visiting area. The diapers must be loose, not boxed. Staff should continue to carefully inspect diapers for contraband.
- e. The facility may make determinations about whether other items such as baby cream or wipes will be allowed into the visiting room.
- f. A visitor may use only a clear plastic bag to carry the above items into the visitors' area. The visitor must carry all items in at the beginning of the visit. No visitor shall be permitted to leave during a visit for more items and return to the visiting room. If the visitor opts to leave the visiting room, the visit will be considered concluded.
- g. No purses, bag, diaper bags, etc. will be permitted into the facility. A visitor may take cash money in small denominations and coins into the visiting room for the purpose of using the vending machines. These monies may be carried in a small "see through" change purse type container. An inmate in the visiting room is prohibited from handling any forms of currency. At facilities using token operated vending machines, no cash money is allowed in the visiting room.
- h. A visitor is allowed to take medically prescribed medications that may be needed for a medical emergency (e.g., nitroglycerin, asthma inhaler, etc.). All over-the-counter medications are prohibited from being taken into the visiting room.
- i. ***A visitor will be allowed to take a reasonable amount of personal feminine hygiene products into visiting areas.***
- j. All tobacco products are prohibited in visiting areas.
- k. Cell phones, pagers, Personal Digital Assistants (PDAs), video/audio recording devices, and photography equipment are prohibited in visiting areas.

## 2. Vehicles

A visitor is subject to searches of vehicles parked on facility grounds in accordance with Department policy **6.3.12, "Drug Interdiction."**

## 3. Electronic Drug Detection **Equipment (EDDE)**

- a. Every visitor is subject to being scanned by an EDDE. ***If the EDDE reading is positive, the visitor shall be offered a non-contact visit unless extenuating circumstances exist, i.e., serious contraband is found, the EDDE reading is***

**supported by a positive K-9 alert, and/or the visitor is visibly impaired, physically confrontational, or cannot clear the metal detector. Only in a case involving extenuating circumstances shall suspension procedures be implemented.**

**NOTE: Each incident that involves a positive EDDE reading shall be considered its own separate and distinct occurrence, and a non-contact visit shall be offered for each one unless the above extenuating circumstances exist.**

- b. Any visitor who has a positive reading will be provided with a printout of the test results if he/she requests a copy. Additionally, all positive scan results will be retained for a period of 12 months. If no second positive reading occurs for the visitor during the 12-month period, upon request of the visitor, the record of the test will be expunged. However, if a second positive result occurs during the 12-month period, the records will be retained. All requests to expunge the record will be honored unless specific security concerns exist. Any denial of such a request requires the approval of the respective **EDSI/Regional Deputy Secretary** or Secretary.

- c. K-9 Air Scans

Every visitor is subject to an air scan by a K-9 team to detect the presence of drugs. A positive K-9 alert will be handled in the same manner as a positive scan by an EDDE. The positive alert will be included as an “occasion” for determining suspension of visiting privileges, in accordance with **Subsection C. below**.

### **C. Suspension Procedures**

1. **First occasion, visiting privileges may be suspended for up to 90 days.**
2. **Second occasion, visiting privileges may be suspended for up to 180 days.**
3. **Third occasion (if within one year of the privileges being reinstated for the second occasion), visiting privileges may be suspended for one year.**
4. **Fourth occasion (if within one year of the privileges being reinstated for the third occasion), privileges will be suspended indefinitely.**
5. After two years of the visitor’s privileges being suspended indefinitely, the visitor may request reinstatement of his/her visiting privileges by submitting a written request to the Facility Manager. Upon receipt of such a request, the Facility Manager shall review the request, make a recommendation of approval/disapproval, and forward it to the **Executive Deputy Secretary for Institutional Operations (EDSI)/Regional Deputy Secretary**. Upon receipt of the request and the Facility Manager’s recommendation, the **EDSI/Regional Deputy Secretary** shall determine whether the visitor’s visiting privileges are to be reinstated and inform the Facility Manager of the determination. The Facility Manager shall be responsible for informing the visitor, in writing, of the decision regarding the request.

6. Any deviation from the procedures listed in **Subsection C. above** that increases or decreases the period of suspension requires the approval of the respective **EDS//Regional Deputy Secretary or Secretary.**

#### **D. Face Veils or Obstructive Clothing**

Face veils or other articles of clothing that obstruct the view of an individual's face required by a female visitor's religious beliefs are permitted to be worn inside the facility. To ensure for positive identification of the visitor, the following procedures will be followed for processing a visitor wearing a face veil or other article of clothing that obstructs the view of an individual's face when entering/exiting a facility:

1. in all instances, a female staff member will be used to identify the visitor. When possible, a female Corrections Officer will be used. When a female Corrections Officer is not available, female staff from other departments (e.g., Medical, Business Office, Records, Food Services, etc.) will be used to process a female visitor and confirm his/her identity when leaving;
2. the removing or removal of the face veil or other article of clothing will be done in a location that affords the visitor privacy as to not be seen by male individuals;
3. all face veils or other articles of clothing that obstruct the view of an individual's face must be moved or removed to allow the staff member an unobstructed view of the visitor's face. After the staff member has viewed the visitor's face, the visitor will be instructed to place the face veil or other article of clothing back to its original position; and
4. before leaving the facility, the face veil must again be opened to confirm the identity of the visitor.

#### **E. Animals on Department Property**

1. Any visitor who brings an animal(s) onto Department property shall be responsible to remove and restrain the animal(s) to allow a Department K-9 team to search the vehicle. If the visitor refuses to cooperate, the visit will be denied.
2. If any animal(s) are found to be left unattended in a visitor's vehicle under harsh conditions (i.e., too hot, too cold, etc.), the visitor shall be identified and the visit terminated. The visitor will be advised to vacate the property. If he/she refuses to cooperate, Department staff shall contact the appropriate authorities to report the situation.

#### **F. Service and Guide (SG) Animals**

1. **Security Measures**
  - a. ***SG animals may be permitted in the visitation area based on specific circumstances.***

- b. **Staff inquiries shall be limited to the following questions: (1) Whether the animal is required because of a disability; and (2) What tasks the animal performs. Staff may not request medical documentation of the user under any circumstances, nor may staff request a special identification card/documentation for the SG animal or a demonstration of the SG animal's ability.**
- c. **Visitors are encouraged to request and receive prior approval from the Facility Manager/designee for SG animals needed in the visitation area, but such animals may be admitted with the approval of the Shift Commander/designee based on the specific circumstances.**
- d. **SG animals should be attentive and "on guard" but should not be aggressive or barking excessively. The visitor is expected to maintain control of the service animal at all times. If the animal's behavior poses a direct threat to the health or safety of others, is aggressive or disruptive, the animal may be excluded or removed. Should the animal be removed, staff must offer to meet the needs of the individual to the extent reasonable without the animal's presence.**
- e. **SG animals are considered a working, medical tool and shall not be permitted to be petted or physically touched by anyone other than the assigned visitor or staff involved with searching the SG animal.**
- f. **Food or treats for the SG animal are not allowed during the visit.**
- g. **Visitors are responsible to ensure their SG animal received the opportunity to relieve themselves prior to entering the visiting room. Visitors shall not be permitted to leave the visiting room for animal breaks. Visits shall be terminated once the visitor departs the visiting room.**
- h. **The visitor is responsible for notifying staff immediately if the SG animal urinates or defecates in the visiting room. Staff shall issue material necessary to clean up the accident. The visitor is responsible for cleaning up the accident to the extent they are capable of doing so. Feces and dirty rags shall be placed in a secure trash receptacle. At no time shall an inmate be permitted to clean up or come in contact with feces without direct supervision by staff.**
- i. **An SG animal may not disrupt or interfere with the duties of staff or K-9 partners. Any occurrence shall result in the termination of the visit and may be subject to being banned from future visits depending on the circumstances of a particular incident.**
- j. **SG animals are not required to wear any type of vest, ID tag, or specific harness that identifies the animal as a service animal.**

**2. Searching of SG Animals**

- a. **SG animals shall be searched prior to being permitted into a visiting room. The SG animal and the visitor will not be separated during the search.**
- b. **The staff conducting the search should explain the search steps and request cooperation of the person in the search process.**
- c. **Any threatening or aggressive behavior demonstrated by the SG animal during a search shall preclude the visitor and animal from entering the visiting room.**
- d. **Any pockets, flaps, etc. on harnesses or collars shall be searched.**
- e. **Visual inspection should be adequate for short-haired animals. The officer will direct the visitor to comb his/her fingers through an SG animal's fur in the event it possesses a long or fluffy coat. The visitor will comb the SG animal's fur until the officer is satisfied that no contraband is concealed on the animal.**
- f. **SG animals must clear a walk through metal detector by walking at a pace suitable to produce accurate readings. The use of a handheld metal detector shall be used to determine the source of the alarm if the SG animal is unable to clear the walk through metal detector or navigate through at an appropriate gate.**

**G. Breastfeeding in Inmate Visiting Rooms**

1. **Any visitor who brings her child into a visiting room is permitted to breastfeed such child in any visiting area in which the visitor and child are otherwise authorized to be present.**
2. **An authorized visitor who chooses to breastfeed in a visiting room may bring a garment or other acceptable item to cover her breast while breastfeeding; however, she may choose not to do so. Acceptable items include, but are not limited to, nursing covers, blankets, shirts, or another garment of clothing which has been approved by the Facility Manager.**
3. **Each facility may, in its discretion, designate a private nursing area for visitors to use. However, a visitor shall not be required to utilize the private nursing area and may instead choose to nurse her child in the visiting area.**

## **Section 4 – Community Corrections Centers (CCCs)**

### **A. General Procedures**

1. Each Center Director shall identify a visiting area within the center.
2. Every visitor and resident is subject to search before, during, and after visiting. Any visiting refusing to comply with center search procedures will not be permitted any further visits until authorization is received from the Center Director.
3. Any person entering a CCC shall immediately inform staff of his/her presence. The visitor shall state the nature of his/her visit, including the name(s) of the resident(s) he/she is visiting.
