The Facility Manager may approve an exception for an indigent inmate in extraordinary circumstances.

   c. Three sets of State Issued Clothing shall be packed with property that is to accompany the inmate. Section 2 – Commissary and Outside Purchases

A. Commissary

1. Each inmate is permitted to receive commissary once each week.

2. Each inmate is permitted to spend a maximum of $70.00 per week for Commissary Items. Outside Purchases, televisions, typewriters, radios, newspapers, clothing items, approved organizational ticket purchases, and pre-paid telephone calls are not included in the $70.00 maximum limit. Only the Secretary may change this monetary limit. During the holiday period of Thanksgiving through the first week of the New Year, inmate commissary spending will be increased from $70.00 per week to $85.00 per week. Gift package programs will be provided to all facilities, these packages are also exempt from the maximum Commissary Limits.

3. Spending limits will be increased during the state-wide fiscal year end maintenance software non-availability. This specific timeframe will be announced each year two weeks prior to implementation by Correctional Industries (CI). The spending limit increases are as follows:

   a. each inmate regularly permitted to spend $70.00 will be increased to a maximum of $100.00 per week for Commissary Items. Outside Purchases, televisions, typewriters, radios, newspapers, clothing items, approved organizational ticket purchases, and pre-paid telephone calls are not included in the $100.00 maximum limit. Only the Secretary may change this monetary limit;

   b. restricted commissary spending limits will be increased from $15.00 to $20.00; and

   c. Diagnostic and Classification Center (DCC) commissary spending limits will be increased from $35.00 to $45.00.

   **NOTE:** Once this specified timeframe has concluded, the regular spending limits will be reinstated.

4. Purchases

   a. Commissary Items are available for sale to every inmate for his/her sole use within the facility and may not be sent out of the facility, except upon release. The privilege of purchasing items under this policy is modified for inmates in Security Level 5 (SL-5) Housing Units in accordance with Department policy **DC-ADM 801, “Inmate Discipline,”** **DC-ADM 802, “Administrative Custody Procedures,”** **6.5.1, “Administration of Security Level 5 Housing Units,”** and **13.8.1, “Access to Mental Health Care,”** Sections 10, 12, and 14.

   b. The Approved CI Catalog lists specific items that are available for purchase through the commissary. Limitations may be placed on the quantities of the approved items
and sales of certain items to specific inmate populations or program participants, i.e. limits on purchases by inmates in SL-5 housing.

c. A Central Commissary Committee is responsible for maintaining the Approved CI Catalog. The Central Commissary Committee will solicit additions to or deletions from the catalog from each facility on a quarterly basis.

_The Central Commissary Committee will consider additions to the Approved CI Catalog that are submitted in the following manner:_

1. _inmate population item requests should be submitted to the designated Inmate General Welfare Fund (IGWF) Institutional Staff Representative;_

2. _the designated IGWF Institutional Staff Representative will forward the combined requests to the respective Regional Commissary Committee Representative; and_

3. _the Regional Commissary Committee Representative shall review the product history and if appropriate or warranted, forward the request(s) to the Central Commissary Committee Chairperson for possible inclusion in the Approved CI Catalog._

d. The Bureau of Health Care Services (BHCS) must review and approve all medical items in the Approved CI Catalog, including over the counter (OTC) medications. The BHCS will ensure that OTC medications are approved in conformance with the U.S. Food and Drug Administration (FDA) regulations on non-prescription drug products and community standards. This approval shall be in writing with a copy provided to the Bureau of Administration.\(^1\)

e. The Approved CI Catalog shall be updated quarterly and shall be available on the housing units and in the facility library.

f. If a Facility Manager/designee believes that the sale of a specific item in the Approved CI Catalog may create a problem at his/her facility, he/she may petition the Regional Deputy Secretary for a waiver to not sell these items. Approval of these requests by the Regional Deputy Secretaries shall be in writing with a copy provided to the Bureau of Administration.

5. Refunds

Refunds for items that were ordered, filled, and received based on an error made on the original Commissary Order Form shall not be granted. Refunds to an inmate’s account will only be credited for the following reasons:

\(^1\) 4-4379
6. Exceptions
   a. An inmate will be permitted to keep no-longer-permitted items, as long as the item(s) were noted on the inmate’s DC-153, Personal Property Inventory Form as of the effective date of the previous DC-ADM 815, dated May 12, 2008.
   b. When an inmate transfers to a facility that does not permit an item previously approved at another facility, the inmate will be permitted to keep the item, as long as the item is noted on the inmate’s DC-153 as noted above, with the exception of tobacco products when an inmate is transferred to a tobacco-free facility. Once the item is no longer useable, it may not be replaced.
   c. Effective August 1, 2009, all analog televisions (and the television’s antenna), that are not operable due to not being connected to cable television or connected to a converter box, must be shipped to a person designated by the inmate at the inmate’s expense or destroyed (even if the item is listed on the inmate’s DC-153).

7. Pricing

   Prices for Commissary Items will be determined by the Bureau of CI and updated upon price changes from suppliers and/or additions of new items to the Approved CI Catalog. In establishing product pricing, the Bureau of CI should consider a broad range of issues, including historical pricing for similar items, potential impact on inmate morale, and inmate wage rates. Additional considerations are outlined below.

   a. The IGWF will receive a 4.75% commission from commissary sales (commission is 5%, with 0.25% applied to administrative charges associated with handling individual facility sales programs).
   b. State sales tax and other applicable taxes shall be paid by the inmate.
c. Commissary revenues will reimburse the Department for 100% of straight time salary and standard benefits of all approved facility commissary clerks. A total dollar amount per month will be determined annually by the Director of Administration.

d. Commissary revenues shall cover all operating expenses, capital asset acquisitions, and costs associated with the sales, distribution, and administration of the CI commissary operations.

e. Commissary prices should be set to achieve an annual profit target that is 3% of product sales.

f. Revenues in excess of the requirements above should be applied to future product price reductions for the benefit of the inmate population.

g. A formal review of commissary financial performance will be conducted by the Bureau of CI within 90 days after the close of each fiscal year.

8. The Property Office shall test each electronic item to ensure that it functions. After the item is tested and it is accepted by the inmate, the Property Office will use an engraving tool to mark the inmate’s name and DC number on the item. This provides a method of determining ownership during searches and/or if the item is reported stolen. All electronic items will be searched for contraband and the tops of all screws used in the item will be painted over (fluorescent orange) in order to determine if the item is subsequently tampered with.

9. An inmate being released on Parole or Sentence Complete (SC) shall be informed that any commissary order(s) received for him/her after his/her release will be destroyed.

10. Control and Accountability of Disposable Razors

   a. Each inmate must provide a used disposable razor before he/she may obtain a new razor through the Commissary.

   b. Staff assigned to the Commissary are responsible for control and accountability of razor distribution and disposal; they will account for all razors received in their area daily. Razors awaiting distribution from the Commissary must remain secured and controlled by staff. Razors may not be maintained where they are accessible to inmates.

   c. When the inmate submits his/her used razor for replacement, the staff member must ensure that the blades are present prior to placing it into a secure disposal container.

   d. Commissary staff will coordinate disposal of used razors with the Security Office at the end of each work day.

   e. When an inmate does not provide a disposable razor for exchange:
(1) his/her cell must be secured and searched. If the razor is not recovered, the cell search shall be documented on the **Lost Razor Form** (Attachment 2-A);

(2) administrative or disciplinary action may be taken at the Shift Commander’s discretion;

(3) the inmate may only purchase/receive a Restricted Housing Unit (RHU) style single blade razor;

(4) a disposable razor may be purchased after:
   (a) first instance – two weeks;
   (b) second instance – four weeks;
   (c) third instance – 90 days; and
   (d) fourth instance – no longer permitted to purchase a disposable razor; and

(5) the Facility Manager/designee may modify the timeframes in **Subsection 10.e.4. above**.

f. The Shift Commander or higher authority may use discretion if just cause exists to require that the inmate may only purchase/receive the RHU style single razor; this will be documented on the *Inmate Cumulative Adjustment Record* (ICAR).

g. When an inmate is moved to another location or released (i.e., RHU, Authorized Temporary Absence [ATA], transfer, parole release, SC, etc.), the processing officer must verify the existence of the razor, and that the blades are intact. When an inmate is being released SC, the inmate’s **DC-153** shall document the presence or absence of the disposable razor and a **Lost Razor Form** shall be attached to the **DC-153**.

11. Nicotine Replacement Therapy (NRT) Outside Patches

a. NRT patches will be available for inmates over the age of 18 to purchase through an outside vendor; however, the Department will not provide nor pay for the NRT patches.

b. An inmate can purchase NRT patches using the procedures listed below.

   (1) The inmate will sign up for sick call to be assessed for the use of NRT patches.

   (2) The inmate must specify on the sick call slip that he/she is requesting NRT patches, so that he/she will not be charged for the sick call visit.
(3) The Physician, Physician’s Assistant (PA), or Certified Registered Nurse Practitioner (CRNP), herein designated as provider, will assess the inmate for adhesive allergies, write an order for NRT patches, and write a progress note in the inmate medical record.

(4) Nursing staff will notify the Corrections Health Care Administrator (CHCA) upon transcribing the order.

(5) The CHCA will contact the business office to obtain the cost of the NRT patches.

(6) The business office will obtain the cost of the NRT patches and notify the CHCA. The CHCA will be responsible to ensure that the inmate is informed of the cost, the DC-592, Inmate Nicotine Replacement Therapy Approval Form (Attachment 2-B) is completed, and forward the DC-592 and cash slip to the business office for purchase of the entire supply of required patches.

(7) The entire supply of NRT patches, up to six weeks, will be sent to the Medical Department for each inmate. The patches will be administered from the medication window. An inmate may be given seven days of patches at one time. The old patches must be returned before new patches are administered to the inmate. Disposition of patches will be tracked on the Medication Administration Record.

(8) When the order expires, the inmate must report to the Medical Department for a new approval form for NRT patches.

(9) An inmate found to be abusing, sharing, or selling patches, will be subject to misconduct and he/she will not receive future approval to complete the program.

B. Outside Purchases

An inmate is permitted to purchase approved items from Approved Vendors. The facility will disapprove and decline to accept any purchases not in compliance with this policy.

1. Items available in the commissary cannot be purchased as an Outside Purchase. Outside Purchase requests for other brands or styles of products that are offered for sale in the commissary will not be permitted. The only exceptions are for the following items: the inmate’s size is not available through the commissary, and components or consumables that are sold in the commissary but do not fit brands or styles previously purchased by an inmate that are not sold in the commissary. Examples are typewriter ribbons and watch batteries.

2. Items that are deemed medically necessary, may be approved at the local level.

3. Approved Vendors are identified on the Standardized Approved Outside Purchase Vendors List (Attachment 2-C). Each facility has the option to identify one or two local
repair shops to address watches, *typewriters, musical instruments*, jewelry, and religious items that require repair. If the facility exercises this option, it must be addressed in a local policy. Mail order catalogs will be made accessible to inmates in general population for selection of approved items not stocked by the Commissary.

4. **Once every calendar year, the Central Commissary Committee will review requests to add outside vendors to the Approved Vendor list. Vendors must accept checks for payment, meet basic security standards, and allow for returns and refunds.**

5. The Facility Manager/designee may temporarily suspend any Approved Vendor from providing items to the facility/inmates, for a period of up to 90 days, if the Approved Vendor violates any provision of this policy. The Facility Manager/designee will notify the Regional Deputy Secretary, in writing, of the specifics of the temporary suspension. The Regional Deputy Secretary will determine if a longer suspension or a permanent ban is warranted. If a longer suspension or permanent ban is imposed, the suspension or ban will be in effect at every facility.

6. All purchases must be approved prior to being ordered. Requests for Outside Purchases are initiated by the inmate, using a *DC-815A, Outside Purchase Approval Form (Attachment 2-D)*. The DC-815A will be reviewed by a designated facility official, who will approve or disapprove the request. Approval of the DC-815A is conditional. Final approval is made upon inspection when the item is received. Outside Purchases are limited to one order per month.

7. The inmate will pay all costs associated with Outside Purchases including taxes, postage, and delivery charges.

8. An inmate who requests an Outside Purchase must have adequate funds available in his/her personal account at the time of the request. Credit and layaway purchases are not permitted.

9. Items must be shipped directly from an Approved Vendor to the facility in order to be accepted.

10. All packages must be addressed to the inmate. The address on the package shall contain the inmate’s committed name or his/her authorized/changed name, Department number, and the complete address of the facility. The vendor’s name and return address must be clearly shown on the outside of the package. No handwritten labels, business cards, or store receipts will be accepted. Packages that do not meet these requirements will be returned to the vendor as undeliverable, without the facility assuming any responsibility for the package. The facility may decline to accept any package that is not appropriately addressed.

11. The facility may refuse to accept any Outside Purchase item for which postage or any other monies are due or for which the request was not properly processed.
12. All packages delivered to the facility will be opened and searched. Any contraband found in a package will be confiscated and the entire package shall be returned to the sender or held for evidence. Coins, currency, or other negotiable instruments concealed in a package are contraband and will be deposited in the IGWF. Promotional gifts received with an Outside Purchase, which are determined to be contraband, shall be destroyed or mailed out at the inmate’s expense. Unauthorized items shall be considered contraband and disposed of in accordance with Department policy 6.3.1, “Facility Security.”

13. The facility retains the right to require identification of the purchaser of any Outside Purchase and to decline to accept any package that does not conform to this policy.

14. Return of items is at the inmate’s expense. Non-returnable items will be considered contraband and disposed of in accordance with established procedures.

15. Repairs to Outside Purchase or Commissary Items must be made through established facility procedures at the expense of the inmate.

16. Property will be released to the inmate in general population status only after it has been inspected and approved by designated facility personnel. All non-consumable Outside Purchases shall be recorded on the inmate’s DC-153 with the model, serial number, etc., if applicable.

17. Outside Purchases are prohibited for an inmate in Temporary Transfer and ATA status. Exceptions may be made by the Program Review Committee (PRC) for an inmate in Temporary Transfer or ATA status beyond 90 days.

18. Outside purchases by an inmate who is not in general population status will be governed by Department policies DC-ADM 801, DC-ADM 802, 6.5.1, and 13.8.1.

19. An inmate is permitted to purchase items for delivery to friends and/or family members from an Approved Vendor. All items must be shipped directly from the Approved Vendor to the individual identified by the inmate. An order of this type counts as the inmate’s once-per-month Outside Purchase.

20. Outside Purchases from family or friends are not permitted, except those under the Gift Pack Program in accordance with Subsection C. below.

21. Inmates may not purchase commercial advertising services. For the purpose of this provision, inmates are specifically prohibited from purchasing advertising services for pen pals.

22. Memory cards for any purpose are not allowed to be purchased by inmates. Also, Outside Purchases of replacement memory cards for any previously purchased item is prohibited.
23. *Only items listed in the Approved Outside Purchase Items list (Attachment 2-E) may be purchased.*

C. Gift Pack Program

A Gift Pack Program may be authorized by the Secretary. This program will be offered to every facility. The Gift Pack Program permits an inmate, inmate’s family member(s), and/or friends of an inmate to purchase items for an inmate from a pre-selected list from a vendor approved by the Department. The program will have a maximum expenditure total per inmate. Holiday packs are considered to be gift packs. Inmates will be provided necessary details of the gift pack program. *Gift Pack consumables are expected to be consumed within 15 days of receipt.*
