AUDIT FINDINGS

Narrative:

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-audit, on-site audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

Pre-Onsite Audit Phase Audit Planning and Logistics:

I had the opportunity to discuss the audit process and expectations of both parties with the Agency PREA Coordinator David Radziewicz. We coordinated the dates for the onsite audit at the facility. During these conversations, we outlined an overall audit schedule and notified the facility of the estimated time of arrival on site.

Posting Notice of the Audit:

I forwarded the audit postings to the facility PREA Compliance Manager on May 24, 2021. The posting included the dates of the audit, the purpose of the audit, my contact information, and a statement regarding the confidentiality of any communication received. The posting was placed throughout the facility, including all housing units, visiting areas, recreational areas, and all common areas. I verified the placement of the audit notices through timestamped photographs and during the onsite portion of the audit during the facility tour and during the inmate and staff interviews. No staff nor inmates contacted me.

Review of Agency and Facility Policies, Procedures, and Supporting Documentation:

The agency uploaded all documentation to the Online Auditing System. This included all Pennsylvania Department of Corrections Policies and Procedures related to the Prison Rape Elimination Act. All facility-level Policies and Procedures, as well as documentation that all Department and Facility Policies and Procedures were practiced on a daily basis, were also uploaded. They also provided me a completed PRE-Audit Questionnaire. The Policies, Procedures and Documents reviewed during this phase of the audit are listed under the specific standard.

Outreach to Community Advocacy Organizations:

I contacted the YWCA Greater Harrisburg, which provides emotional support for the reentrants. They knew of no issues at the facility.

I conducted the agency level interviews on August 24th through the 25th. At that time, I met with the Pennsylvania Bureau of Community Corrections Administration, which included Major Laura Hoffman-Reed, Captain Brian Taylor and the Agency PREA Coordinator. I also interviewed investigative staff. I confirmed during these interviews that no Agency Level Processes have changed since the last audit conducted by me for the Pennsylvania Department of Corrections.

Onsite Audit Phase

Site Review:

I met with the Facility Director Jerome Koerner and Administration Staff on August 25, 2021 at approximately 9:30 a.m. We discussed the onsite portion of the audit, including facility tour, reentrant and staff interview location, and document review. After this brief meeting, a facility tour was conducted. During the tour, I had the opportunity to view all areas of the facility. I interacted with both staff and reentrants, as well as observed the interaction between the staff and reentrants. I was able to verify the location of cameras throughout the facility, as well as the camera monitor locations. While in the housing areas, I observed the related PREA information, Audit Posting, and applicable policies and procedures which are accessible to all inmates. These postings were further observed in common areas throughout the facility.

Upon completion of the facility tour, the reentrant interviews were conducted. They were conducted in conference room; this provided privacy while conducting the interviews. I randomly selected the reentrants from the daily roster.

Reentrant Type Number Random Inmate Interviews 8

Youthful Reentrants Facility does not house Inmates with a Physical Disability 1

Reentrants who are Blind, Deaf, or Hard of Hearing 0

Inmates who are Limited English Proficient 0

Reentrants with a Cognitive Disability 4

Reentrants who Identify as Lesbian, Gay or Bisexual 1

Reentrants who identify as Transgender or Intersex 0

Reentrants who Reported Sexual Abuse 0

Reentrants who Reported Sexual Victimization During Risk Screening 2

Total Reentrant Interviews 16

During the interview process, several targeted categories of reentrants were not being housed at the facility.

I conducted the interviews with all reentrants, in the same manner, a preamble to the interview was relayed to the reentrant explaining the purpose of the interview, and how they were selected and explaining to them that they did not have to speak with me if they choose not to. No reentrants refused to speak with me. During the interviews, I utilized a copy of the initial PREA information received by reentrants, Facility Handbook, and Screening form to visually stimulate the reentrant's recollection of their initial intake process.

Upon completion of the reentrant interviews, the staff interviews were conducted on both days of the audit. These interviews were conducted in a conference room. During the process I interviewed staff in the following categories:

Interview Type Number Random Staff Interviews 6

Medical and Mental Health Staff 0

Administrative Staff 1

Victim Advocate & SANE Nurse 2

Volunteers and Contractors 0

Investigative Staff 1

Staff who Perform Screening 3

Staff on the Sexual Abuse Incident Review Team 1

First Responders 0

Director/PREA Compliance Manager and Designated to Monitor for Retaliation 1

Total Staff Interviews 15

I conducted the interviews with all staff in the same manner, a preamble to the interview was related to the staff member explaining the purpose of the interview, and how they were selected and explaining to them that they did not have to speak with me if they choose not to. No staff refused to speak with me.

At the conclusion of the Onsite Audit, an exit conference was held with the administration. At this time I provided an overview of the audit findings during the onsite audit portion

Post Audit:

Upon completion of the Pre-Audit and Onsite Audit phases, I conducted a systematic evidence review of all the information obtained during the audit process. I utilized the Compliance Tool as a guide to ensure that all aspects of each standard were met. This assurance was made by triangulation of the policies and documentation reviewed, my personal observations during the onsite audit, and through the information received during the interviews. After taking all of these factors into account, I found that the facility has met all of the standards and are in compliance with the Prison Rape Elimination Act National Standards for Community Confinement.

AUDIT FINDINGS

Facility Characteristics:

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate or resident population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

Harrisburg Community Corrections Center (CCC) is operated by the Pennsylvania Department of Corrections, Bureau of Community Corrections. This is a residential program for female reentrants under the jurisdiction of the Pennsylvania Department of Corrections. Reentrants can be employed and engage in community service.

The Pennsylvania Department of Corrections Harrisburg CCC is located at 27 North Cameron Street, Harrisburg PA. The physical location is within the boundaries of the City of Harrisburg, this is advantageous to the residents, allowing them to utilize public transportation, and being within walking distance to many areas. The facility does not provide food for the residents so again this allows them to walk to nearby eateries for meals.

The facility is an all-male facility, with both male and female staff. The residents can leave the facility for work, attending meetings or appointments, and job seeking. They are also permitted to visit home or approved residences.

The entrance is locked at all times, a call box allows returning residents and visitors the ability to contact the monitor's station. The area is also surveilled by a camera. Upon entering this doorway you walk into a foyer area, the monitor's station is located to the immediate right. A second door enters into the facility a metal detector is located in this area, all residents and visitors entering the facility need to clear the detector before entry is allowed.

The building has two sides, an A & B side, the main visiting area and monitors office are set in the center. Both sides are L shaped, and contain all amenities needed by the residents, this allows staff to monitor movement from one side of the building to the other.

The A side of the building contains 9 resident bedrooms and can house 110. The bedrooms are set along long hallways, allowing surveillance cameras to view all entrances to the rooms. The A side has a recreations area, kitchen, dining area, bathrooms, conference rooms, and staff offices. All the resident bathrooms have toilets with stall doors, and showers with curtains.

The B side of the building contains 8 resident bedrooms and can house 60. The bedrooms are set along long hallways, allowing surveillance cameras to view all entrances to the rooms. The B side has a day room, kitchen, dining area, bathrooms, conference rooms, and staff offices. All the resident bathrooms have toilets with stall doors, and showers with curtains.

It should be noted that the facility capacity has been lowered due to the Covid 19 pandemic.

All exterior doors to the facility are alarmed, and considered fire exits.

The monitors make rounds throughout the facility and document these rounds on a sign off sheet located in various locations throughout the facility.

All areas of the facility are under supervision of staff.

Harrisburg CCC has 56 cameras in common areas of the facility. Cameras are monitored by Community Corrections Center Monitors and the Facility Director and recorded footage is stored for 30 days.

PREA signs are posted throughout the facility, these signs included the third-party reporting avenue, and information on the Pennsylvania Coalition Against Rape (PCAR).

AUDIT FINDINGS

Summary of Audit Findings:

The OAS will automatically calculate the number of standards exceeded, number of standards met, and the number of standards not met based on the auditor's compliance determinations. If relevant, the auditor should provide the list of standards exceeded and/or the list of standards not met (e.g. Standards Exceeded: 115.xx, 115.xx..., Standards Not Met: 115.yy, 115.yy). Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Auditor Discussion Instructions

Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

This policy is the Commonwealth of Pennsylvania Department of Corrections, policy subject Prison Rape Elimination Act (PREA), policy number DC-ADM 008. This policy was effective on April 22, 2019. Prior to the issuance of this policy, the Pennsylvania Department of Corrections followed two separate PREA policies, DC-ADM 008 and BCC-ADM 008. These policies had been in effect since the incorporation of PREA into the Pennsylvania Department of Corrections. In an effort to make the policies consistent and applicable to both the State Correctional Institutions and Community Corrections Centers, the agency merged the policies into one. The policy has also been adopted by the contracted community corrections centers, which house reentrants for the Bureau of Community Corrections. The policy addresses all aspects of both the Prison Rape Elimination Act Standards for Prisons and Jails, and Community Confinement. The policy further defines all prohibited acts, the definitions listed in the glossary of terms are consistent with the definitions in both sets of PREA Standards.</p> <p>Subsection (b) The agency has designated an agency wide PREA Coordinator. During the interview, he related that he has sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards. I found the Agency PREA Coordinator to be well versed in the PREA Standards and their daily application in the Pennsylvania Department of Corrections. The PREA Coordinator was also a Certified Department of Justice PREA Auditor. Prior to becoming the Agency PREA Coordinator, he was a PREA Compliance Manager, and has been involved with the implementation of the PREA Standards since the incorporation. The position of PREA Coordinator reports directly to the Director of the Bureau of Standards/Audits/Accreditations, therefore this position is within the top of the agency administration. During the interviews with the administration of the Bureau of Community Corrections and the Director at the facility, I confirmed that the Agency PREA Coordinator is always available to answer questions and provide guidance on PREA related issues.</p> <p>During the interview with the PREA Coordinator he related that his division conducts quarterly desk top audits on each facility. They will randomly select standards and audit materials to ensure the facility is compliant with the standards.</p>

115.212	Contracting with other entities for the confinement of residents
	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>Pre-Audit Questionnaire</p> <p>DC-ADM 008, Prison Rape Elimination Act (PREA) Procedures Manual Section 2 - Sexual Abuse/Sexual Harassment Prevention - Contracting</p> <p>12 Department-wide Contracts effective February 1, 2019, to January 31, 2024</p> <p>Statement of Work, Residential Housing, and Treatment Invitation to Qualify (ITQ) Contract Bureau of Community Corrections</p> <p>PREA Contract Compliance Monitoring Reports for contracted facilities</p> <p>US DOJ PREA Audit reports for contracted facilities</p> <p>Subsection (a) DC-ADM 008 addresses contract obligations with private agencies or other entities for the housing of inmates and reentrants. These entities include private community correction centers and private treatment facilities. By policy, all new contracts or contract renewals for housing requires the contractor to adopt and comply with the PREA Standards and the PA DOC policies related to PREA. This includes the requirement that they undergo a PREA Audit by a certified Department of Justice Auditor every three years and provide the agency with a copy of the audit report. All contracted facilities are also subject to constant monitoring by the Contract Facility Coordinator. These Coordinators conduct inspections of the facilities to ensure they are in compliance with the contract. Contract monitoring is documented on the PREA Contract Compliance Monitoring Report, and as per policy is completed for each contracted facility between August 20 and October 31 of each year. During the interviews with the BCC Administration, they confirmed they also conduct inspections of the contracted facilities. During previous PREA Audits of contracted facilities I have conducted both the BCC Administration and the Contract Facility Coordinators would attend portions of the audit to include the facility tour and either the entrance meeting or exit meeting. I confirmed that the policy is in practice during the interviews with the BCC Administration, PREA Coordinator, and Contract Facility Coordinators. The audited facility has not entered into a contract for the housing of reentrants within the past 12 months.</p> <p>Subsection (b): DC-ADM 008 requires the PREA Compliance Division, in consultation with the Bureau of Community Corrections Contract Facility Coordinator, to monitor each contract agency's compliance with the PREA Standards, this is completed between August 20 and October 31 of each audit year. In the years in which a facility completes an official PREA audit, the final audit report satisfies the monitoring requirement for that year and must be made available to the Department of Corrections. Bureau of Community Corrections Contract Compliance Monitoring Reports and corresponding DOJ PREA Audits were submitted for review and indicated compliance with the standards and DC-ADM 008. During the years in which an audit is not completed, the contracted monitoring form is completed. The DC-ADM 008 requires the Department of Corrections completed contract monitoring for PREA compliance by October 31. The PREA Coordinator also confirmed that contracted agencies submit the audit reports as soon as they receive it. The Department of Corrections monitors any corrective action in which the agencies are addressing with the auditor.</p> <p>Subsection (c): Since August 2012, the Department of Corrections has not entered into a contract with an agency that fails to comply with the PREA standards. According to DC-ADM 008, only in emergency circumstances can the Department of Corrections enter into a contract with an agency that has not followed the PREA standards, and all unsuccessful attempts to gain compliance have been documented. The BCC Administration interviews confirmed that in the past, the agency had terminated contracts for failure to comply with the PREA Standards.</p>

The policy directs each facility to develop, document, and make its best efforts to comply on a regular basis with the staffing plan as found in policy 8.3.1. 8.3.1 provides for adequate levels of staffing, and where applicable, video monitoring, to protect reentrants from sexual abuse. In calculating adequate staffing levels and determining the need for video monitoring the BCC takes into consideration the following:</p> <ol data-bbox="242 900 1171 1155" style="list-style-type: none"> 1) the physical size and layout of the facility; 2) number and type of offenders assigned to the facility; 3) video monitoring to protect offenders against sexual abuse; 4) the prevalence of substantiated and unsubstantiated incidents of sexual abuse; and 5) any other factors. <p data-bbox="242 1187 1493 1447">Subsection (b) The auditor reviewed the staffing plan template, which is utilized to develop the staffing plan for each facility. The template takes into consideration all the factors outlined in 8.3.1. I further discussed the staffing plan development with the BCC Administration and confirmed that these factors are taken into consideration during the development of the staffing plan. During the interview with the Facility Director, they confirmed that the placement of the cameras throughout the facility is always being evaluated to enhance the overall facility safety. The staffing plan for the Harrisburg CCC is developed through the Bureau of Community Corrections and reviewed by the PREA Coordinator. The Harrisburg CCC staffing plan is predicated on the facility being at the full capacity of 150 male reentrants. The average number of daily reentrants for the past 12 months has been 84 During the onsite audit, the facility was housing 76 male reentrants.</p> <p data-bbox="242 1478 1493 1673">Subsection (c) Policy 8.3.1 dictates the Bureau Major or designee is responsible for conducting an annual review of the staffing patterns at every CCC and preparing a report with recommendations for staffing level and/or video monitoring equipment. I reviewed the Staffing Plan and PREA Report for CCCs for 2017 through 2021. These reports indicate that on an annual basis, the facility is assessing, determining, and documenting whether adjustments are needed to staffing plans, monitoring technologies, and other available resources. I further confirmed the assessment during the interview with the BCC Administration.</p> <p data-bbox="242 1704 1461 1798">The BCC has centralized the scheduling for all monitors at the CCCs. The scheduling is conducted by the Management Operations Center (MOC). This enables the BCC to continually monitor staffing at all the CCCs and ensure all facilities are fully always staffed.</p>

115.215	Limits to cross-gender viewing and searches
	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>Documentation reviewed:</p> <p>Pre-Audit Questionnaire Policy and Procedures</p> <p>DC-ADM 008, Prison Rape Elimination Act (PREA) Procedures Manual Section 8 - Sexual Abuse/Sexual Harassment Prevention - Limits to Cross-Gender Viewing and Searches</p> <p>DC-ADM 008, Prison Rape Elimination Act (PREA) Procedures Manual Section 19 - Working with Transgender and Intersex Inmates</p> <p>8.3.1, Bureau of Community Corrections Security Procedures Manual Section 30 - Searches Signs posted in the facility for opposite gender announcements</p> <p>Subsection (a): Policy DC-ADM 008 prohibits cross-gender strip searches except in exigent circumstances. Policy 8.3.1 states the Bureau of Community Corrections staff are prohibited from conducting cross-gender strip searches. The policy outlines under what circumstances a strip search may be completed and how one is conducted. During the past 12 months, the facility has not conducted a cross-gender strip or cross-gender visual body cavity searches. I further confirmed during CCC Monitor interviews that they have never conducted a search of this nature, or have any knowledge of a search being conducted. They confirmed that as per training and policy, a strip search would be approved by the Facility Director, conducted by two same-gender staff members, and documented on the Offender Strip Search Log. During the onsite audit, I reviewed the Offender Strip Search Log and confirmed the searches are being documented. I further confirmed the procedure with the Facility Director during his interview.</p> <p>Subsection (b): As an agency, DC-ADM 008 prohibits cross-gender pat-down searches of female reentrants, except in exigent circumstances. Facilities are not allowed to restrict female reentrants access to programming and other out-of-cell opportunities in order to comply with the policy. Policy 8.3.1, further states that only female staff may conduct pat searches of female or transitioning female reentrants and those reentrants participating in programming and other opportunities cannot be restricted if female staff are not available for a search. If a search of a female reentrant is necessary to ensure the safety of the facility and female staff is not available, the facilities will contact local law enforcement for assistance. This process was confirmed by both the interviewed staff and reentrants. The facility is a male facility but has a population of non-resident reentrants that report to the facility to provide urines and meet with their counselor. These reentrants can be females and are subject to search.</p> <p>Subsection (c): As per policy strip searches are documented on the Bureau of Community Corrections Offender Strip Search Log. A completed log was reviewed during the onsite audit. The log documents the date, time, Offender DOC number, offender last name, two sets of staff initials, and if contraband was found. DC-ADM 008 states that if a cross-gender search is conducted, it must be documented using the Cross-Gender Search Validation Form. No cross-gender searches were conducted at Harrisburg CCC.</p> <p>Subsection (d): DC-ADM 008 states that reentrants shall be able to shower, perform bodily functions, and change clothing without a non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia except in exigent circumstances or when such viewing is incidental to routine cell checks or security round. This limitation not only applies to in-person viewing, but also all forms of remote viewing as well. The policy also states that staff of the opposite gender shall announce their presence when entering a reentrant housing area.</p> <p>During interviews with staff, and reentrants all confirmed whenever a female enters the housing unit floor, an announcement is made prior to entry onto the floor, and the staff will state loudly, "female on the floor." I viewed and heard the announcements being made while conducting the audit.</p> <p>Signs are also posted at the entry to every housing area as a reminder to female staff to announce upon entering. The bathrooms have curtains and walls for the showers and separate stalls for each toilet. These stalls have an operational door. A sign designates the bathroom is the only location a reentrant may be unclothed.</p> <p>Subsection (e): Policy ADM-008 and 8.3.1 prohibits searches or physical examinations of transgender or intersex inmates for the sole purpose of determining the reentrants genital status. The policy further states that if the genital status is unknown, it may be determined during conversations with the reentrant, by reviewing medical records, or, if necessary, by learning the information through a broader medical examination conducted in private by a medical practitioner. It should be noted that all reentrants are coming into the Harrisburg CCC from another correctional setting, the staff confirmed they receive notice of the reentrant's arrival date, and all pertinent information pertaining to the reentrant. The genital status would be known prior to</p>

the reentrants' arrival. All interviewed staff confirmed they are not allowed to search or physically examine any reentrant to determine genital status. A search of this nature has not taken place at Harrisburg CCC.

Subsection (f): The reviewed training records confirmed that all staff had completed the Offender Searches Training in 2021. This training included how to conduct cross-gender pat searches and searches of transgender and intersex reentrants in a professional and respectful manner and in the least intrusive manner possible. Training is conducted through the Department's Training Academy. I reviewed the training curriculum, confirming it includes policy and PREA Standard review and stresses the importance of being professional and respectful during the search and to conduct searches in the least intrusive manner possible consistent with security needs. All CCC Monitors interviewed confirmed having been trained on the proper searching techniques. During their interviews, they were able to describe these techniques and the importance of being professional and respectful during the search and to conduct searches in the least intrusive manner possible consistent with security needs.

Subsection (a) Policy DC-ADM 008 dictates that reentrants with disabilities have an equal opportunity to participate in or benefit from all aspects of the Department's efforts to prevent, detect and respond to sexual abuse and sexual harassment. Written materials shall be delivered in alternative formats or delivered through alternative methods that accommodate a reentrants disability. These include translated Spanish materials and the intake handout in Braille. BCC-ADM 005 indicates that individuals with disabilities shall be assigned to a Community Corrections Center that provides reasonable accommodations according to the individual needs of the resident, including individuals diagnosed with mental or physical impairments. Facilities are required to evaluate their ability to receive and retain residents with disabilities according to policy. The Facility Director indicated that he evaluates the ability of the Harrisburg CCC to accommodate disabled reentrants according to services available, and the ability of the reentrant to access all areas of the facility. For example, the Harrisburg CCC has all reentrant housing on the upper floors and has no elevator access for disabled reentrants. Through BCC Administrative interviews and facility-level interviews, I confirmed that the agency had designated facilities to accommodate reentrants with specific needs such as blind reentrants, and disabled. During the Counselor and CCC Monitor interviews, I confirmed that they would read the material to reentrants if needed, and utilize the services provided by the agency to ensure the reentrant understands the PREA information and reporting avenues.

Subsection (b): DC-ADM 008 outlines the steps the Department takes to ensure meaningful access to all aspects of the Department's efforts to prevent, detect, and respond to sexual abuse and sexual harassment to individuals who are limited English proficient. This includes written materials and interpretation services either through an outside contractor or approved staff. The facility provided copies of the Spanish PREA notices, and these were also viewed at the facility during the facility tour. The interviewed reentrants confirmed that the notices had been posted in both English and Spanish since their arrival at the facility. BCC-ADM 005, requires qualified staff or contractors to provide translation services for reentrants.

Pennsylvania Department of Corrections has an eight-page list of staff who are skilled in providing interpretation services. The list contains the staff name and work location and the interpretation service the staff is qualified to provide. Staff is available to interpret in over 55 foreign languages, dialects, and sign language. If staff is not available, the Department also contracts for over-the-phone interpretation services through PROPIO Language Services. Staff is provided direction on how to obtain this service. During the facility tour, the CCC Monitors provided me a copy of the instruction card, which is comprehensive and extremely easy to use.

Subsection (c) DC-ADM-008 and DC-ADM-005 prohibits the use of reentrants to interpret, read, or provide other types of assistance except in limited circumstances where an extended delay in obtaining an effective interpreter would compromise the inmate's safety, the performance of the first responder duties or the investigation of the inmate's allegations. If an inmate serves as an interpreter, the interpretation is to be documented. All staff interviewed stated they would not allow a reentrant to interpret for another reentrant in reporting sexual abuse or sexual harassment, and they felt that they could not control the

information once another reentrant knew about alleged sexual abuse or sexual harassment. They indicated they would utilize the translation services outlined in the policy, or contact MOC for further guidance. During the past 12 months, Harrisburg CCC has not relied on reentrants to provide interpretation services for any PREA related matter.

This is a Central Office function and includes both Human Resources and the Office of Special Investigations and Intelligence (OSII). Human Resource Office is responsible for ensuring the candidate completes the Position Vacancy Interest Form and the application materials, sending the PREA Consent to Release of Information Form and the PREA Current/Prior Employer Letter, receiving, and reviewing completed forms and determining whether the applicant may be hired consistent with PREA. A review includes a criminal background check, licensing status, criminal justice documentation, and Pennsylvania State Police investigative files conducted by OSII. Investigation packets for potential candidates were reviewed. The packets contained detailed information including Consent to Release Information for Prison Rape Elimination Act Compliance, PREA Current/Prior Employer Letter, court records, and licensing documentation. Also included was the Personal Background Information form which includes the following questions:</p> <ul style="list-style-type: none"> • Have you ever been employed in a prison, jail, lockup, community confinement facility, juvenile facility or other institution (as defined in 42 U.S.C. 1997) to include state facilities for persons who are mentally ill, disabled or intellectually disabled, or chronically ill or handicapped; residential care or treatment facilities for juveniles; and facilities that provide skilled nursing, intermediate or long-term care, or custodial or residential care? • Have you engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution? • Have you had substantiated against you allegations of sexual abuse in a prison, jail, lockup, community

confinement facility, juvenile facility, or other institution, or have you ever resigned during a pending investigation of an allegation of sexual abuse of a confined individual?

The Department also conducts PREA background checks for all contractors and volunteers utilizing the PREA Questionnaire and Consent to Release PREA Information. According to policy 8.3.1, prior employment in any type of confinement facility will be further investigated to ensure that the candidate has not been found to have any of the following:

- engaged in sexual abuse in a prison, jail, lockup, community confinement facility, halfway house, group home, inpatient treatment facility, correctional institution, or juvenile detention facility;
- has been convicted of engaging or attempted to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; and/or
- has been civilly or administratively adjudicated to have engaged in the activity described above.

Subsection (b) According to policy and procedures, in addition to incidents of sexual abuse, the Department also considers any incidents of sexual harassment in determining whether to hire or promote anyone. Question G. under General Information of the Application for Employment asks " have you had substantiated allegations of sexual harassment in the workplace against you, or have you ever resigned during a pending investigation of sexual harassment.

Subsection (c) Policy 4.1.1 indicates that background checks are completed by the Office of Special Investigations and Intelligence (OSII) for all prospective new hires and rehires that have been separated for more than 60 days. The background check includes driving record, Pennsylvania State Police investigative file, licensing, military records, criminal justice documentation, and drug related convictions. Additionally, contact is made with current and prior employers. Human Resource staff confirmed that OSII in Central Office completes background checks. During the past twelve months, no staff were hired at Harrisburg CCC.

Subsection (d) No contractors or volunteers have been hired at Harrisburg CCC during the past twelve months. According to policy 8.3.1 every person, volunteer, or contractor, who provides recurring on-site services and has individual/group contact with reentrants at a CCC, are not allowed contact with reentrants until they:

- submit to a criminal background check by completing the Community Corrections Application electronically and submitting it to the Facility Director or designee
- submit to a Prison Rape Elimination Act (PREA) background check by electronically completing the PREA Questionnaire and Consent to Release PREA Information and submitting the forms to the Facility Director or designee
- receive clearance from the Department after an investigation and criminal history check. Criminal background records checks are maintained in the Centralized Clearance database for staff and contractors.

Subsection (e) Pennsylvania Department of Corrections utilizes the Justice Network (JNET) System to cross check all employees daily to identify employees that have had negative contact with law enforcement. It is the employee's responsibility to report such contact to their supervisor as soon as possible and no later than the employee's next scheduled workday. The use of the JNET system was confirmed through interviews with Human Resources and the facility Director. According to policy contractor and volunteer clearance is valid for a maximum of 24 months; however, policy 8.3.1, requires an annual clearance update conducted on every individual who received clearance and continues to provide services.

Subsection (f) Current employees of the Department of Corrections complete the Position Vacancy Interest Form when seeking other employment within the Department. Any individual new to the Department of Corrections seeking employment complete the Application for Employment. Individuals are required to complete the questionnaire, leaving no blank spaces. The Application for Employment includes a Consent to Release Information for Prison Rape Elimination Act Compliance. The Application and the Position Vacancy Interest Form both require the applicant to answer PREA related questions regarding prior employment in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution to include state facilities for persons who are mentally ill, disabled, or retarded, or chronically ill or handicapped; residential care or treatment facilities for juveniles; and facilities that provide skilled nursing, intermediate or long term care or custodial or residential care and while employed in such a capacity has the applicant:

- engaged in sexual abuse,
- had a substantiated allegation of sexual abuse or sexual harassment against the applicant, or
- resigned during an investigation for sexual abuse or sexual harassment or
- been convicted, civilly or administratively adjudicated for engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to

consent or refuse.

A new applicant is also asked if the applicant is current or former military personnel and during the military service did the applicant's duties include the supervision of prisoners or detainees.

Subsection (g) Applicants for employment are required to affirm and sign the Application for Employment, indicating the information contained in the application and any attachments contain no misrepresentation or falsification, omission or concealment of material fact and is true and complete to the best of the applicant's knowledge and belief. The applicant must also acknowledge that any material omission or false information is grounds for non-selection or discipline, or termination of employment. According to Section 31 of policy 8.3.1, Contractor and Volunteer Clearances, contractors and volunteers will not be granted clearance with the Department if the candidate deliberately falsified or omitted pertinent information, including PREA related misconduct on the Community Corrections Clearance Application or PREA Questionnaire. Additionally, 1.1.4 Section 4 requires the contractor or volunteer to complete the Centralized Clearance Check Information Request Form. This form contains the signature line in which the candidate acknowledges that the candidate completed the form and agrees that the information contained on the form is accurate. According to 1.1.4, any falsified information will be grounds for clearance disapproval or possible criminal prosecution. 4.1.1 Human Resources and Labor Relations Procedures Manual requires the Human Resource Office to designate a PREA Employment Verification Coordinator to:

- respond to requests by researching the employees' Official Personnel File for disciplinary actions relating to PREA and contacting the facility's Security Office for any additional relevant information;
- records the results of the research on the supplied document;
- return the information to the requester within one week of receiving the request.

Subsection (h) Staff interviewed stated that Pennsylvania DOC provides information on substantiated allegations of sexual abuse or sexual harassment involving a former employee when the information is requested from an institutional employer for whom the employee has applied to work.

The agency is far exceeding the standards by having in place a system where they will be notified of any change in an employee's criminal history status. This practice not only negates the 5-year criminal history check and exceeds the requirements of the standards. The agency is also conducting criminal history checks yearly on recurring volunteers and contractors.

This procedure is outlined in DC-ADM 008 Section 11. The Facility Director and staff confirmed that the reentrants receive the PREA Inmate Intake Handout, which is provided by a staff member at intake. The reentrant will confirm receipt by signing the PREA Reentrant and Detainee Intake Handout Receipt. They further confirmed if a reentrant is limited English proficient, deaf, visually impaired, or otherwise disabled as well as residents who have limited reading skills, the information will be provided as outlined in standard 115.216. This education would be provided on an individual basis by a staff member. During the Agency Level interviews, I confirmed that the education is provided at each facility, so if a reentrant was transferred to a different facility, they would receive the information.</p> <p>During the facility tour, I confirmed the key information is readily available to the reentrants through posters located throughout the facility. These posters are in both English and Spanish.</p> <p>During the reentrant interviews, I confirmed they are receiving the information upon intake, they also confirmed the information is posted throughout the facility and has been since they arrived. All the interviewed reentrants confirmed that they also viewed a video on PREA shortly after arriving at the facility. They also confirmed they were asked if they had any questions.</p> <p>The Harrisburg CCC has a population of reentrants that are non-residents, but they do report to the facility to meet with the Counselor or provide a urine sample. These reentrants are also educated on PREA. They will receive the PREA Inmate Intake Handout, which is provided by a staff member at intake. The reentrant will confirm receipt by signing the PREA Reentrant and Detainee Intake Handout Receipt. When questioned on this, the facility staff informed me that since these reentrants do enter the facility, they wanted to ensure they were educated on PREA and were held to the same expectations as the other reentrants who reside at the facility.</p>

	<p>Auditor Discussion</p> <p>Documentation reviewed:</p> <p>Pre-Audit Questionnaire</p> <p>Policy DC-ADM 008 Prison Rape Elimination Act (PREA) Procedures Manual Section 9- Sexual Abuse-Sexual Harassment Prevention Screening for Risk of Victimization and Abusiveness</p> <p>PREA Risk Assessment Tool user guide</p> <p>PREA Risk Assessment Tool Training PowerPoint 2019 PRAT Assessments</p> <p>PRAT Tracking spreadsheet</p> <p>Completed PRAT tools</p> <p>Subsection (a)(b)(c)(d)(e)(f) Policy DC-ADM008 Section 9 outlines the procedure to conduct screenings within 72 hours for all reentrants that enter the facility, and upon transfer to another facility. The agency utilizes the PREA Risk Assessment Tool (PRAT), which is an objective screening instrument developed to identify reentrants that are at high-risk for victimization or abusiveness. The PRAT considers at a minimum:</p> <ul style="list-style-type: none"> • whether the inmate has a mental, physical, or developmental disability; • the age of the inmate; • the physical build of the inmate; • whether the inmate has previously been incarcerated; • whether the inmate's criminal history is exclusively nonviolent; • whether the inmate has prior convictions for sex offenses against a child or an adult; • whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming; • whether the inmate has previously experienced sexual victimization; • the inmate's own perception of vulnerability; and • whether the inmate is detained solely for civil immigration purposes. <p>The screening also considers prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the agency, to assist assessing reentrants. The screening at the Harrisburg CCC is conducted by the Counselors at the facility. During the interviews, I found that all Counselors and the Director are trained to conduct screening if needed. During the interviews they stated that they would see the reentrant either upon arrival or the next morning if he comes in after they are gone. The normal process is to bring the reentrant to their office and conduct the screening with them in private. The information will be entered into the PRAT Tracker which they utilize to track the screenings to ensure a second assessment is conducted between 20 and 30 days. The second assessment is also conducted in person.</p> <p>Subsection (g) Both the Counselors and the Facility Director stated that a reentrant would be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the resident's risk of sexual victimization or abusiveness. They further confirmed that they had not assessed a reentrant under any of these conditions in the past 12 months.</p> <p>Subsection (h) Policy DC-ADM 008 prohibits disciplining any reentrant for refusing to answer, or for not disclosing complete information in response to questions asked during the screening. The Facility Director confirmed they had not disciplined anyone for not answering the questions on the screenings.</p> <p>Subsection (i) The agency has implemented controls on the completed PRAT. The PRAT is stored electronically in a secure system that limits access to general staff. I confirmed with the staff at the facility that the only staff who have access to the information are the Facility Director and Counselors.</p>

During the reentrant interviews I confirmed they were screened during the intake process, and within 30 days of being at the facility.

I reviewed the completed screenings for twenty of the reentrants, and I reviewed the tracking tool for the facility, which listed all reentrants. All reentrants had been screened within 72 hrs., and a second screening was completed within 30 days.

During the interviews with the Facility Director and Counselors, they stated that these decisions are made on an individualized basis. They could assign the reentrants to rooms that are closer to the officer's station to ensure the reentrant is monitored closely. They also can house in a smaller room, if need be, to ensure overall safety.</p> <p data-bbox="242 1149 1485 1574">Subsections (c)(d)(e)(f) DC-ADM 008 states that the Department considers on a case-by-case basis whether a placement would ensure the health and safety of all impacted reentrants and whether the placement or accommodation could potentially present management or security problems when assigning a transgender or intersex reentrant to a facility that is consistent with the reentrant's gender identity and in making other privacy, housing, and programming assignments. When transferred to a facility, transgender or intersex reentrants are reviewed by the PREA Accommodation Committee (PAC) to make individualized determinations regarding privacy, housing, and programming assignments to ensure their safety at the current facility. Participants in the review consider all aspects of the reentrant's social and medication transition. Reentrants are invited to participate in the PAC meetings. The reviews are documented by using the PREA Accommodation Committee (PAC) checklist and the PREA Accommodation Committee Reassessment Checklist which is completed at a 6-month review. By policy, transgender and intersex reentrants are given the opportunity to shower separately and privately from other reentrants. At the Harrisburg CCC, a transgender reentrant would be able to utilize one of the showers during a specific time, and would be the only reentrant allowed in the shower at the time. The interviewed monitors related that they would accomplish this by allowing the reentrant to shower during count.</p> <p data-bbox="242 1608 1469 1798">During agency level and the Facility Directors interviews I confirmed the procedures outlined above. As per policy, the agency does not place transgender or intersex reentrants in dedicated facilities, units, or wings solely based on such identification or status, unless such a placement is in connection with a consent decree, legal settlement, or legal judgment for the purposes of protecting such reentrants. The CCC, in coordination with the Bureau of Community Corrections Administration and the Office of Population Management will strive not to place transgender and intersex reentrants in dedicated facilities.</p> <p data-bbox="242 1832 1453 1921">During the PREA Coordinator interview, I confirmed PADO is not under any legal action or consent decrees. I confirmed that every facility in BCC can safely house transgender inmates; the agency does not have a dedicated CCC to house transgender or intersex reentrants.</p>

This may be in the form of local facility policy or documented facility-specific plan. The Harrisburg CCC Local Institutional Plan dated April 13, 2018 was reviewed during the pre-audit. The plan includes first responder duties, Facility Director responsibilities, emergency medical treatment services, and mental health treatment services. The Facility Director stated that he or a designated security staff would immediately notify the MOC and the Pennsylvania State Police. If an emergency response was needed, the Harrisburg Police Department would also be notified. None of the collective bargaining agreements contain language that limits the ability to remove a staff member alleged to have engaged in sexual abuse from contact with an inmate (reentrant) pending the outcome of an investigation. The Pennsylvania Department of Corrections Secretary provided direction to executive leadership outlining the procedures to follow. He directed those suspensions pending investigation should only be considered when the alleged offenses are of a nature that warrants immediate removal from the workplace. There does not need to be a demonstration that the employee committed the suspected offenses, but rather the nature of the allegations is such that there is just cause to remove the employee from the institution pending the outcome of the investigation. Policy 13.8.1 outlines actions for inmates without a sexual conviction who sexually assaults during incarceration. If a sexual assault results in a formal legal charge and a criminal conviction in a Pennsylvania court of law, the individual will be referred for assessment. The policy directs all facilities to attempt to conduct a mental health evaluation of all known reentrant-on-reentrant abusers within 60 days of learning of such abuse history and offer treatment when deemed appropriate by a mental health practitioner. If the facility offers Sex offender Treatment, the facility shall consider whether to require the offending reentrant to participate in such interventions as a condition of access to programming or other benefits. Reentrants who have been found to have engaged in sexual abuse without an accompanying criminal conviction shall be evaluated for Sex Offender Treatment and offered the opportunity to participate voluntarily in programming. The Facility Director confirmed that a reentrant who engages in sexual abuse or sexual harassment would be removed from the center and transferred to a State Correctional Institution. The reentrant would then be offered programming at the receiving institution according to policy.</p> <p data-bbox="242 1512 1490 1606">Subsection (e) It was confirmed that the facility would discipline a reentrant for sexual contact with staff only upon finding that the staff member did not consent to such contact. If this is determined, the incident would be reported to the Pennsylvania State Police, since this activity is criminal in nature.</p> <p data-bbox="242 1635 1469 1729">Subsection (f) DC-ADM 008 states that a report of sexual abuse made in good faith, based on a reasonable belief that the alleged conduct occurred, will not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.</p> <p data-bbox="242 1758 1490 1852">Subsection (g) The Department prohibits all sexual activity between reentrants and may discipline reentrants for such activity. The Department will not deem such activity as sexual abuse, if through the investigative process determines, the activity was consensual.</p> <p data-bbox="242 1881 1441 1910">The Harrisburg CCC has not disciplined any reentrant for sexual abuse or sexual harassment within the past 12 months.</p>

The policy further requires staff to ensure the alleged sexual abuse victim is provided access to a forensic medical examination and mental health evaluation. The staff indicated that they would notify law enforcement via 911 if the alleged victim requires emergency medical treatment and ensures the alleged victim is provided access to a forensic medical examination. Victims of sexual abuse are provided the form "If you are the Reported Victim of Sexual abuse - CCC's and Lockups" which quotes 28 C.F.R. 115.282 (a)(d) and requires the victim to indicate whether the victim is requesting or declining a medical examination, mental health evaluation, and rape crisis services. The victim is asked to sign and date the form. Health care is provided to community correctional center reentrants in the community rather than on-site by the Department of Corrections Staff.</p> <p>Subsection (b) DC-ADM 008 directs security staff first responders to take preliminary steps to protect the alleged victim if no qualified medical or mental health practitioners are on duty at the time a report of recent abuse is made. The facility utilizes UPMC Pinnacle Harrisburg for forensic examinations; the Supervisor at the hospital indicated that a Sexual Assault Nurse Examiner is always available. She further confirmed that the hospital would contact the YWCA Greater Harrisburg to ensure a victim advocate was available to the victim.</p> <p>Subsection (c) DC-ADM 008 states that all alleged victims of sexual abuse are offered timely information and access to emergency contraception and sexually transmitted infections prophylaxis in accordance with professionally accepted standards of care. The supervisor at WellSpan Harrisburg Hospital confirmed that this is provided to all victims of sexual assault.</p> <p>Subsection (d) Through policy and Pennsylvania Law, all treatment services are provided to the alleged victim without financial costs and regardless of whether the alleged victim names the abuser or cooperates with any investigation arising out of the incident. Pennsylvania State law prohibits a provider from billing a victim for forensic rape exams. The State also does not require a victim of sexual assault to cooperate with law enforcement or prosecution for the examination to be paid for by the victim's Compensation Assistance program. The supervisor at UPMC Pinnacle Harrisburg confirmed that victims of sexual assault receive services without cost to the victim. She also confirmed that victims are not required to cooperate with an investigation to receive an examination and treatment.</p>

In Community Corrections Centers, reentrants receive medical and mental health care in the community. Reentrants are notified of services via the "If you are the Reported Victim of Sexual Abuse - CCCs and Lockups," which is provided to reentrants upon the report of an incident of sexual abuse.</p> <p>Subsection (b) Ongoing medical and mental health treatment is available for reentrants who have been allegedly victimized by sexual abuse. This includes appropriate follow-up services, treatment plans, and as necessary referrals for continued care following the reentrants transfer to another facility or released.</p> <p>Subsection (c) Policy states that PADOCC facilities are required to provide alleged victims with medical and mental health services consistent with the community level of care. Harrisburg CCC will provide services to reentrants through community providers.</p> <p>Subsection (d) and (e) Policy dictates that a female victim would be offered a pregnancy tests an if pregnancy results from the conduct described in paragraph § 115.283(d), they will receive timely and comprehensive information as well as access to all lawful pregnancy-related medical services. The audited facility is an all-male facility, but they do have female reentrants that are not residing at the facility reporting to the facility to provide urines and meet with the counselors.</p> <p>Subsection (f) Policy dictates that all alleged victims of sexual abuse are offered testing for sexually transmitted infections. This was further confirmed with the supervisor Magee Women's Hospital of UPMC.</p> <p>Subsection (g) Pennsylvania State Statute dictates treatment services are provided to alleged victims without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. Victims are provided services at no cost and are not required to file a report or consent to the rape kit being tested.</p> <p>Subsection (h) Policy DC-ADM 008, address mental health evaluations and treatment of reentrant abusers. The policy requires a mental health evaluation to be conducted on abusers within 60 days of learning of the abuse history and offer treatment when deemed appropriate. Policy13.8.1 requires the same and states that the treatment may be required. Reentrants who have been found to have engaged in sexual abuse without an accompanying criminal conviction shall also be evaluated for Sex Offender treatment, as appropriate, and offered the opportunity to participate voluntarily in programming.</p>

The PREA Tracking System is used to track every report, complaint, or allegation of sexual abuse and/or sexual harassment, according to DC-ADM 008. The tracking is a web-based application, tracking the same information for each report. As confirmed in DC- ADM 008, this tracking includes County Jails, who provide contract services to the Bureau of Community Corrections. BCC Administration and the PREA Coordinator confirmed the use of the PREA Tracking System for all reports of sexual abuse and sexual harassment, including those stemming from contracted agencies.</p> <p>Subsection (b) Policy dictates that the PREA Compliance Coordinator is responsible for reviewing data collected and to aggregate the data annually in order to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, practices, and training. 115.242 (b)	Use of screening information	
	Does the agency make individualized determinations about how to ensure the safety of each resident?	yes
115.242 (c)	Use of screening information	
	When deciding whether to assign a transgender or intersex resident to a facility for male or female residents, does the agency consider on a case-by-case basis whether a placement would ensure the resident's health and safety, and whether a placement would present management or security problems (NOTE: if an agency by policy or practice assigns residents to a male or female facility on the basis of anatomy alone, that agency is not in compliance with this standard)?	yes
	When making housing or other program assignments for transgender or intersex residents, does the agency consider on a case-by-case basis whether a placement would ensure the resident's health and safety, and whether a placement would present management or security problems?	yes
115.242 (d)	Use of screening information	
	Are each transgender or intersex resident's own views with respect to his or her own safety given serious consideration when making facility and housing placement decisions and programming assignments?	yes
115.242 (e)	Use of screening information	
	Are transgender and intersex residents given the opportunity to shower separately from other residents?	yes

115.242 (f)	Use of screening information	
	Unless placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting lesbian, gay, bisexual, transgender, or intersex residents, does the agency always refrain from placing: lesbian, gay, and bisexual residents in dedicated facilities, units, or wings solely on the basis of such identification or status? (N/A if the agency has a dedicated facility, unit, or wing solely for the placement of LGBT or I residents pursuant to a consent decree, legal settlement, or legal judgement.)	yes
	Unless placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting lesbian, gay, bisexual, transgender, or intersex residents, does the agency always refrain from placing: transgender residents in dedicated facilities, units, or wings solely on the basis of such identification or status? (N/A if the agency has a dedicated facility, unit, or wing solely for the placement of LGBT or I residents pursuant to a consent decree, legal settlement, or legal judgement.)	yes
	Unless placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting lesbian, gay, bisexual, transgender, or intersex residents, does the agency always refrain from placing: intersex residents in dedicated facilities, units, or wings solely on the basis of such identification or status? (N/A if the agency has a dedicated facility, unit, or wing solely for the placement of LGBT or I residents pursuant to a consent decree, legal settlement, or legal judgement.)	yes
115.251 (a)	Resident reporting	
	Does the agency provide multiple internal ways for residents to privately report: Sexual abuse and sexual harassment?	yes
	Does the agency provide multiple internal ways for residents to privately report: Retaliation by other residents or staff for reporting sexual abuse and sexual harassment?	yes
	Does the agency provide multiple internal ways for residents to privately report: Staff neglect or violation of responsibilities that may have contributed to such incidents?	yes
115.251 (b)	Resident reporting	
	Does the agency also provide at least one way for residents to report sexual abuse or sexual harassment to a public or private entity or office that is not part of the agency?	yes
	Is that private entity or office able to receive and immediately forward resident reports of sexual abuse and sexual harassment to agency officials?	yes
	Does that private entity or office allow the resident to remain anonymous upon request?	yes

	Do staff members promptly document any verbal reports of sexual abuse and sexual harassment?	yes
115.251 (d)	Resident reporting	
	Does the agency provide a method for staff to privately report sexual abuse and sexual harassment of residents?	yes

115.252 (a)	Exhaustion of administrative remedies	
	Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address resident grievances regarding sexual abuse. This does not mean the agency is exempt simply because a resident does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse.	yes
115.252 (b)	Exhaustion of administrative remedies	
	Does the agency permit residents to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.)	na
	Does the agency always refrain from requiring a resident to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.)	na
115.252 (c)	Exhaustion of administrative remedies	
	Does the agency ensure that: a resident who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.)	na
	Does the agency ensure that: such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.)	na
115.252 (d)	Exhaustion of administrative remedies	
	Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by residents in preparing any administrative appeal.) (N/A if agency is exempt from this standard.)	na
	If the agency determines that the 90-day timeframe is insufficient to make an appropriate decision and claims an extension of time (the maximum allowable extension is 70 days per 115.252(d)(3)), does the agency notify the resident in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.)	na
	At any level of the administrative process, including the final level, if the resident does not receive a response within the time allotted for reply, including any properly noticed extension, may a resident consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.)	na
115.252 (e)	Exhaustion of administrative remedies	
	Are third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, permitted to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)	na
	Are those third parties also permitted to file such requests on behalf of residents? (If a third party files such a request on behalf of a resident, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.)	na
	If the resident declines to have the request processed on his or her behalf, does the agency document the resident's decision? (N/A if agency is exempt from this standard.)	na

115.252 (f)	Exhaustion of administrative remedies	
	Has the agency established procedures for the filing of an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.)	na
	After receiving an emergency grievance alleging a resident is subject to a substantial risk of imminent sexual abuse, does the agency immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken? (N/A if agency is exempt from this standard.)	na
	After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.)	na
	After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)	na
	Does the initial response and final agency decision document the agency's determination whether the resident is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.)	na
	Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.)	na
	Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.)	na
115.252 (g)	Exhaustion of administrative remedies	
	If the agency disciplines a resident for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the resident filed the grievance in bad faith? (N/A if agency is exempt from this standard.)	na
115.253 (a)	Resident access to outside confidential support services
