RECREATION & STORAGE SOLUTIONS

Pennsylvania Correctional Industries offers a variety of recreation and storage solutions to meet all of your needs! In this section you will find strength and fitness equipment essential for a full range body workout within an institution.

Our park equipment consists of grills, benches, tables and other park items that are virtually indestructible. Every item is constructed of heavier than standard material, chosen for outdoor use.

PCI also offers a full range of material and equipment storage solutions, from small shelters to full-size buildings. All of our sheds and buildings are multi-purpose structures. Prefabricated, they offer an economical alternative to new construction. Units are pre-cut and partially assembled for your convenience with all materials and parts necessary for final assembly. They can also be ordered fully assembled.

Please contact our Customer Service Department if you have special requirements for any of the items located in this catalog section!

All Pennsylvania Correctional Industries customers can get assistance from a PCI Sales Representative or Customer Service Representative. These individuals provide detailed information on more than 2500 PCI products and services and can help in selecting the best solution for your business or organization, and can assist in placing orders. If you do not know your Sales Representative information, please use our Sales contact information to the right.

Prices are subject to change without notice.
