EDUCATIONAL PROGRAMS REVIEW

Mission: The overall mission of the Bureau of Correction Education is *"To provide educational opportunities which will enable inmates to become responsible and productive citizens in a diverse society."*

Overview: All male inmates entering into the correctional system are classified at the (SCI Camp Hill)/Graterford and females at (SCI Muncy), Correctional Diagnostic and Classification Center. Educational assessments administered during classification include the Test of Adult Basic Education (TABE). These assessments are used to make initial educational placement at one of the 26 receiving institutions. Any inmate who does not possess a GED or High School Diploma is mandated to attend 360 hours of Academic Programming.

Educational Goals:

1. To assess and address the educational needs of each offender.
2. To post-test inmates to determine inmate performance, improvement, and program success.
3. To provide a legislatively mandated program of Victim Awareness Education.
4. To prepare inmates for the General Education Development (GED) examination.
5. To provide an educational program that complies with IDEA B and Title 14 for students identified as special education eligible.
6. To provide opportunities for inmates (21 and over) to participate in vocational assessment and training.
7. Provide opportunities for qualified inmates to enroll in vocational-technical/business certificate programs.
8. Eliminate illiteracy and to upgrade inmates' literacy skills to the GED Level, to include Limited English Proficiency (LEP).

The Department offers quality, non-threatening, success oriented education programs designed specifically for the adult learner in the following areas.

Adult Basic Education: (ABE) instruction, designed for adults functioning in the lower levels of achievement roughly equivalent to grade levels K-8. These programs are offered at all sites.

English as a Second Language: is also offered within our ABE instructional program and through the use of peer tutors. This program focuses on improving the basic academic skills of our limited English proficient students. There are full-time "English as a Second Language" instructors in 16 of our adult facilities.

Special Education: for previously identified under 21 year olds has been consolidated into nine correctional facilities. The Department services an average of 398 students throughout the year. These students are entitled to a full range of services delivered by a certified teaching staff.

Secondary Education: (GED) includes instruction at grade levels 9-12 in Reading, Writing/Language, Math, Science and Social Studies, focusing on the successful completion of the General Educational Development Test (GED Test). As of July 1, 2004, all new inmates are mandated to work toward earning a GED/CSD Diploma.

GED Test: is administered on-site at each State Correctional Institution, which is an established GED Testing Center. Academic programs contain basic and advanced skills necessary to pass the GED Test.

ADULT Commonwealth Secondary Diploma Program: is offered/available at all institutions. Those inmates who qualify after attaining the specified number of credits as approved by the PA Department of Education may receive this secondary diploma. This diploma is offered in accordance with Act 35 and the 22 PA Code.

Commonwealth Secondary Diploma Program: is offered/available at nine institutions. Those students/inmates under 21 years of age are provided instruction by certified teaching staff in accordance with Act 15 and Act 35.

Vocational Education: is intended to provide entry-level skills in 26 vocational areas. Every effort is made to identify trade based competency certification or assessment closely aligned with each vocational program. Currently, the Department offers credentials/assessments in over 96% of its vocational programs. All vocational programs offered are nationally recognized.

Pre-Voc/Money Smart: these programs/courses provide instruction in such areas as: employability, consumer economics, citizenship, community resources, and wellness education.

Post-Secondary Education: opportunities are available via correspondence courses from accredited institutions.

Victims Awareness Education Class: is a legislatively mandated education class developed under the scope of Act 143 to teach inmates convicted of a violent crime, the physical, financial and emotional impact of their crimes on the victims and the community.

SCI-ALBION EDUCATION PROGRAMS

Overview of the Institution: The State Correctional Institution at Albion is located in Erie County, one mile south of Albion, Pennsylvania. It is one of five prototypes designed and constructed by the Pennsylvania Department of Corrections in the mid 1990's. The facility was constructed as a 1,000-cell medium security institution to house adult male offenders and was expanded in 1998 to accommodate a current population of approximately 2,400 inmates.

Overview of the Education Department: SCI-Albion's Education Department has four full-time academic and five full-time vocational teachers in addition to an Educational Guidance Counselor. A librarian and one library assistant staff the library.

Overview of Education Counseling & Testing: The Education Guidance Counselor utilizes an "open door policy" and affords every student counseling as needed. The Guidance Counselor also serves as a key person in the attendance monitoring and student discipline procedures. The Counselor accepts staff and/or other inmate referrals. In addition to the Guidance Counselor, other staff members, including the teachers and the school principal, are available to provide individualized counseling assistance upon request.

The primary assessment tools utilized by the Education Department are Forms 9 and 10 of the TABE, which measure reading, mathematics, and language development levels. The Education Guidance Counselor conducts all testing.

Overview of Inmate Education Orientation: The Guidance Counselor carefully monitors the arrival of new inmates. Reception lists are reviewed for school-age inmates. The counselor participates in weekly orientation sessions in the intake housing unit to describe the educational and vocational programs offered at SCI-Albion. At orientation, inmates are given a description of educational and vocational classes offered by the Education Department. In addition, the mandatory schooling policy is explained.

Overview of the Academic Programs: The ABE program at SCI-Albion encompasses all academic classes through the eighth grade level, including English-as-a-Second Language (ESL). Students are placed into ABE classes at a level determined by scoring on the TABE test administered by the education guidance counselor. All academic programs are conducted in self-contained classrooms. Students are assigned to attend five days per week at the same designated time each day. The goal of the secondary education program at SCI-Albion is the successful completion of the General Educational Development (GED) test or the opportunity to obtain their Adult Commonwealth Secondary Diploma (ACSD). Secondary classes begin at the GED level and advance through classes in which students are given a rigorous program of skill building leading to a mastery of the GED test or obtaining their ACSD.

Overview of Special Education & Commonwealth Secondary Diploma Program (if available):
N/A

Overview of any Literacy Tutoring Programs: An inmate tutoring program functions on the Special needs Unit (SNU) of the institution, using the services of inmate tutors housed on that unit to provide tutoring for interested inmates assigned to the SNU. In addition to providing curriculum material, the education department makes training available to interested tutors, who are supervised by housing unit personnel.

List of Full-Time Vocational Programs & Certifications Offered:

- Cosmetology Program – State Cosmetology License
- Business Practices – International Computer Driver's License (ICDL)
- Computer/Electronics Technology & Repair – ICDL
- Custodial Maintenance Program (CMP) – NCCER, TCP, Green Environment
- Warehouse Operations Program – OSHA, Forklift

SCI BENNER TOWNSHIP EDUCATIONAL PROGRAMS

Overview of the Institution: SCI Benner opened its doors to inmates in April of 2013 after the shuttering of both SCI's Cresson and Greensburg. We maintain a population of over 2000 inmates. We deliver services to our inmates in the areas of Education, Activities, Medical, Library, Chaplaincy, and Therapeutic Care Programs.

Overview of the Education Department: The Education Department is housed at the center of the institution in the Program Services Building. We have three ABE/GED instructors, four Vocational Education Instructors, a Barber Instructor, a Librarian and a Librarian Assistant, Education Guidance Counselor, Correction School Principal, and an Education Clerk. Education staff also offers Pre-Vocational/Money Smart twice daily, and Victim Awareness quarterly.

Overview of the Educational Counseling & Testing: Inmates are called to the Education Guidance Counselor's office to be TABE tested if he has been tested more than 12 months previously. If an inmate is having a difficult time with an instructor, or an instructor is having a difficult time with a student, the student is called to the Education Guidance Counselor's office for a counseling session. The results are entered into the "Comments" section of the DC47C for future reference. The inmates are placed in Academic Programs based on ability and TABE scores. Inmates are placed in Vocational Programs based on inmates' needs and availabilities.

Overview of the inmate Education Orientation: Each inmate entering the institution is placed on callout by the Educational Guidance Counselor for an initial orientation to the Education Department. At the orientation, diplomas are verified, brochures are distributed, questions are answered, and inmates are placed on the appropriate waiting lists. The processes for Library and Barber services are also explained. When an inmate's due to enroll in a program, he is again placed on callout to verify his continued interest and get a pass for the respective class. Employment is notified and he is added to the active educational roster.

OVERVIEW OF ACADEMIC PROGRAMS: SCI Benner offers Academic Programs from Pre-Literacy through GED levels. We also instruct ESL students to become more proficient in the speaking and reading of English. Mandatory students with more than one-year to their minimum date must complete a minimum of 360 hours and Pre-Vocational and Money Smart classes in order to move into Vocational Programming or opt out of Education. Inmates are given the GED Ready and GED exams on site. Inmates must score a minimum of 145 points on each of the four sections of the test to pass.

Overview of Special Education, ADULT Commonwealth Secondary Diploma Program (ACSD) & Commonwealth Secondary Diploma Program (CSD) (if available): SCI Benner is not a CSD Institution. ACSD programs are offered to inmates who provide their transcripts.

Overview of Literacy Tutoring Programs: Each instructor utilizes tutors within the classroom to assist students requiring individual assistance. We employ one Spanish-speaking tutor to assist with language barriers between students and instructors when necessary. The Education Guidance Counselor assists Unit Managers with materials and information to assist with Block Tutoring Programming. This allows students enrolled in classes to receive additional one-to-one assistance on the housing units. The Library, Vocational Programming, and Academic Programming all utilize a CPS with in each respective area. One CSP is Spanish speaking to assist ESL students.

List of Full Time Vocational Programs & Certifications Offered:

- Business Education - NOCTI/ICDL
- Custodial Maintenance
- Electricity -NCCER/CORE and OSHA 10 hours
- Plumbing - NCCER/CORE, Wardflex, and You and Your Green Environment
- Carpentry (Currently Inactive)
- Barber Program - Barber License and Barber Manager License

SCI CAMBRIDGE SPRINGS EDUCATION PROGRAMS

Overview of the Education Department: SCI-Cambridge Springs' Education Department has three full-time academic teachers and four full-time vocational teachers in addition to a School Principal, and an Education Guidance Counselor. A Librarian and one Library Assistant are employed in the Library/Law Library.

Overview of Education Counseling & Testing: The Education Guidance Counselor affords every student counseling as needed. The Guidance Counselor also monitors attendance and the Education Guidance Counselor accepts staff and/or inmate referrals. In addition to the Education Guidance Counselor, other staff members, including the teachers and the School Principal, are available to provide individualized counseling assistance upon request. Inmates received at SCI-CBS typically have been given the TABE (Test of Adult Basic Education) Survey form while undergoing Diagnostic and Classification at SCI Muncy. Once the inmate is tested, has met with the Education Guidance Counselor and has had her educational records are reviewed, she is assigned an appropriate academic or vocational program if necessary. The teachers follow a yearly TABE Test schedule for all students including English-as-a-Second Language (ESL) students.

Overview of Inmate Education Orientation: Newly arrived inmates are scheduled for an Education Department assessment and orientation held by the Education Guidance Counselor on a weekly basis in the Auditorium located in the Education building, or on a designated housing unit. The Education Guidance Counselor describes the educational and vocational programs offered at SCI-CBS. The inmates are given a school brochure and complete an Education Background Questionnaire which, along with the information forwarded from SCI Muncy, is used to assess the inmate's educational needs during an individual meeting with each inmate, which occurs immediately after the orientation.

Overview of the Academic Programs: The ABE program at SCI-Cambridge Springs encompasses all academic classes through the eighth grade level, including English-as-a-Second Language (ESL). Students are placed into mandatory ABE/GED classes at a level determined by scoring on the TABE Survey. All academic programs are conducted in self-contained classrooms. Students are assigned to attend five days per week at the same designated time each day. The goal of the secondary education program at SCI-Cambridge Springs is the successful completion of the General Educational Development (GED) test or earn an Adult Commonwealth Secondary Diploma (ACSD). Other mandatory classes are Money Smart (adult banking program) and Pre-Vocational classes to prepare the inmates' re-entry into society. Act 143 or VAE (Victims Awareness Education) class is mandatory for all violent offenders.

Overview of Special Education, ADULT Commonwealth Secondary Diploma Program (ACSD) & Commonwealth Secondary Diploma Program (CSD) (if available): SCI Cambridge Springs is not a CSD Institution. ACSD programs are offered to inmates who provide their transcripts.

List of Full-time Vocational Programs & Certifications Offered:

Cosmetology School – Pennsylvania State Cosmetology License
Custodial Maintenance – NCCER (National Center for Construction & Education and Research) and TPC
Business Practices – Individual Computer Driver License (ICDL)
Optical Lab – Pennsylvania Department of Education Recognition and American Board of Opticianry
Braille – Library of Congress

SCI CAMP HILL EDUCATION PROGRAMS

Overview of the Institution: The State Correctional Institution at Camp Hill is a Level 4 Institution, located approximately six miles South of Harrisburg, PA in Lower Allen Township, Cumberland County. Population Composition: Approximately 2,300 CDCC inmates, 1,200 in General Population, 83 in Restricted Housing Unit, and 70 in Special Management Unit.

Overview of the Education Department: SCI Camp Hill has three ABE teachers, three Special Education teachers, one HVAC instructor, one Graphic Arts instructor, one Business Education instructor, one Barber instructor, one Librarian, three Education Counselors, two Librarian Assistants, one Clerk Typist, and one Principal.

Overview of Education Counseling & Testing: The Test of Adult Basic Education (TABE) is utilized to determine academic placement and the development of an Individualized Program of Instruction (IPI) to meet specific needs in Reading, Mathematics and Language. Special Education is provided to those who qualify. All inmates are required to attend school unless documentation is provided that the inmate has earned a high school diploma or GED. Those interested in pursuing various Vocational Programs are tested for proper aptitude.

Initial counseling is provided to review educational records, test results, interests, staff recommendations, and short and long range goals. Recognition of deficiencies, weaknesses, difficulties, and the establishment of educational and vocational goals is the primary focus.

Overview of Inmate Education Orientation: The Education Counselor provides: Orientation to all new inmates on Academic and Vocational Programs; an Academic and Vocational offerings descriptive brochure in English and Spanish. New special education students are identified by the Records Center and are immediately placed into educational services.

Overview of the Academic Programs:

Basic Education Courses

- A. GED
- B. Special Education
- C. Act 143 Victims Awareness
- D. Pre-Vocational Course
- E. Money Smart Course
- F. ESL
- G. Read To Your Children
- H. Impact of Crime
- I. CSD/ACSD

Vocational Courses

- A. HVAC
- B. Graphic Arts
- C. Barbering
- D. Business Education

SCI-CHESTER EDUCATION PROGRAMS

Overview of the Institution: SCI Chester is committed to treating inmates with a documented history of substance abuse by providing education and counseling focused on continued abstinence preparing them for successful return to the community. The institution was the first tobacco free correctional institution in the PA. DOC. SCI- Chester is a 1,215 medium security prison for male inmates designed to provide a continuum of substance abuse treatment services over an approximately 12 to 30 month period.

Overview of the Education Department: To provide educational opportunities in Adult Basic Education or vocational programs that will enable inmates to become responsible and productive in a diverse society. The department consists of seven full-time instructors that provide both individualized and group instruction focused on academic and/or vocational achievement. The goal of the department is to provide opportunities to attain a GED or a nationally recognized vocational certification.

Overview of Education Counseling and Testing: Assessment may be initiated to determine the educational needs of each offender in order to provide opportunities to participate in ABE/GED or vocational training. This occurs through the use of standardized testing. Counseling services are available to assist in program placement.

Overview of Inmate Education Orientation: The Initial Reception Committee meets with all new arrivals. Within the packet of information given to all new arrivals is a copy of the Educational Brochure. The Initial Reception Committee grants time for an Educational Staff member to go over the Educational brochure with the inmates and answer any questions.

Overview of the Academic Programs: SCI Chester provides Adult Basic Education classes from Literacy to the 7th grade level, and General Education Diploma classes from the 8th grade to the 12th grade level. SCI Chester is now able to offer an Adult Commonwealth Secondary Diploma Program (ACSD) to those individuals who have enough time to complete the program requirements which will be reviewed upon request. We also offer instruction in English as a Second Language. Our other academic courses include a Pre-Vocational Course; a course in Money Smart; and ten hours of instruction in Act 143, Victims Awareness.

Overview of the Vocational Programs: SCI Chester offers vocational programs to include Building Trades and Heating Ventilation and Air Conditioning which both offer nationally recognized certifications through the National Center for Construction Education and Research. Those individuals enrolled in SCI Chester's HVAC Program have the opportunity to participate in other programs to include Fiber Optics, OSHA, and Wardflex piping. SCI Chester also offers a Business Practices Program allowing for inmates to obtain ICDL certifications and a Barber School Program which a student can complete the 1250 hours necessary to take the Pennsylvania State Barber exam.

SCI COAL TOWNSHIP EDUCATION PROGRAMS

Overview of the Institution: SCI Coal Township is situated on a 226 acre site; 43 acres are inside the double-fenced compound. The main complex is comprised of 15 buildings and 10 individual inmate housing units which encompasses an area of 537,500 square feet under roof. The total staff compliment is 572 including 297 Correctional Officers. The inmate committed count is 2,130.

Overview of the Education Department: The Education Department at SCI Coal Township offers educational assessments and a wide range of academic and vocational programs. These programs, when mastered, allow the inmate to re-enter society with job marketable skills. Our programs are designed as open-entry, open-exit components. This enables the student to progress at his own rate. Each program assists a student in acquiring and applying critical thinking and lifelong learning skills as well as giving him the ability to develop, practice and apply academic skills. Our vocational programs also develop performance knowledge, vocational competence and occupational skills. Education programs operate from 8:30 a.m. to 3:50 p.m. Monday through Friday.

Overview of Education Counseling & Testing: Assessment, counseling, and guidance services are ongoing at SCI Coal Township with a constant refining of the inmate's academic and vocational needs, goals and objectives. The counselors, teachers, and the school principal accommodate students on a regular basis to address their educational needs. Students may request a conference with the counselor or principal. The instructor may request that the counselor or principal meet with the student about his progress. The Test of Adult of Adult Basic Education (TABE) is administered to all students annually.

Overview of Inmate Education Orientation: All inmates are given an orientation within two weeks of arrival in a general orientation. This orientation details the available educational, vocational and treatment programs. The Education Department contacts each inmate who does not have a GED or High School Diploma for appropriate school placement. Vocational applicants are contacted to discuss appropriate placement based on aptitude and the interest. At this time a school tour as well as a personal interview is provided to highlight educational opportunities

Overview of the Academic Programs: SCI Coal Township's academic classes are also level specific. Classes are designed to meet the individual needs of the student. These include ABE Language Arts, ABE Math, Pre-GED Language Arts, Pre-GED Math, GED Language Arts, GED Science, GED Social Studies and GED Math. Students with variable language and math scores can be placed in classes that address their unique skills and needs. Pre-Vocational and Money Smart classes are taught to academic students as prescribed in policy.

Overview of Special Education & Commonwealth Secondary Diploma Program (if available): SCI Coal Township is using the forms and procedures outlined in Pennsylvania Department of Education's Special Education Implementation Handbook and following State Standards and Regulations. Additionally, a detailed Special Education Plan is on file in the DOC/Bureau of Correction and in the Institution's Education Office. Three Special Education teachers at SCI Coal Township service up to 30 Special Education students. Identified Special Education students are placed in education programming within three days of his arrival at the institution.

List of Full-time Vocational Programs & Certifications Offered:

Automotive Technology

ASE, PA State inspection mechanics license, AC certification, ASE 609 Refrigeration License, PA State Emissions license, MACS AC certification, NAPA, AC-Delco, MGM Brakes, Raybestos Brakes

Air Conditioning & Refrigeration – Heating

Section 608 E.P.A. Test, Honeywell Controls, MACS AC/Heat (R410A Cert) Fluke 16 Digital Multimeters Chicago SKF

Section 609 E.P.A. Test, Prentice Hall

NCCER Certification – Core and Type HVAC Level 1 and Level 2

OSHA – General Industry

Green Technology Certification

Building Trades Construction Cluster

N.O.C.T.I., Cooper Bussman

Certified – Master Shingler, Wizard Quality Master

NCCER Certification, Carpentry, Electrical, Painting, Cabinet Making

Computer Aided Drafting / Design

ADDA Curriculum Certification

NOCTI Competency Test (Architectural Drafting)

American Design Drafting Association Certification Exam (Architectural Drafter)

Electronics Repair

NCCER – Core Curriculum

NCCER – Electronics System Technician, Level One

NCCER – Electronics System Technician, Level Two

NCCER – Electrical, Level One

NCCER – Electrical, Level Two

ETA – “Student Electronic Technician” (SET)

DMM – Principles/Fluke/ATP

NCCER – Core Curriculum

OSHA – 10 Hr. Construction, VS I Certification

NCCER Core

SCI DALLAS EDUCATION PROGRAMS

Opened in January 1960, SCI Dallas was based on the educational or school model to stress those aspects, which encourages and aids in rehabilitation. The majority of this all male population is received from the Diagnostic Center at Camp Hill. Population averages 2,116 with a racial make-up of 57% Black, 31% Caucasian, and 12% Hispanic/Other.

The Education Department is currently staffed with six academic teachers, six vocational instructors, one education counselor, two library workers, one clerk typist, and a school principal.

All incoming inmates are scheduled for an orientation seminar (DOORS) within one month of arrival. Representatives from each department give a brief description of services provided to the inmate.

All inmates are offered an opportunity to enroll in academic/vocational programming. Those without a GED/HSD will be mandated to attend at least 360 hours of academic instruction with the goal of attaining a GED or Adult Commonwealth Secondary Diploma (ACSD). Request slips are sent to the respective counselor who conducts an interview to ascertain needs. Testing, if not already documented, will be administered via TABE to establish a grade level.

BASIC EDUCATION COURSES

- Basic Reading - Plato lab
- Basic Mathematics - Reading Horizons
- Cell Study (Basic) - ESL (Basic)
- Pre-Vocational - ACT 143 / Victim Awareness
- Money Smart

SECONDARY EDUCATION COURSES

- GED Math - Cell Study (GED Level)
- GED Reading - Plato Lab
- GED Social Studies - Civic Responsibility
- GED Science - ACSD Program
- GED ESL

VOCATIONAL EDUCATION PROGRAMS & CERTIFICATIONS

- Barber School (State License) - Business Occupations (ICDL)
- Building Trades (NCCER) - Welding (NCCER)
- Horticulture (NOCTI) - Accounting (NOCTI)
- Custodial Maintenance (NCCER)

SCI FAYETTE EDUCATION PROGRAMS

Overview of the Institution: SCI-Fayette is a maximum security prison which houses approximately 2,000 male inmates.

Overview of the Education Department: The Education Department at SCI-Fayette offers a variety of academic, vocational and elective programming that is available to all inmates based on interest, need, qualifications and availability.

Overview of Education Counseling & Testing: TABE testing is done on an as needed basis, usually once a year. The TABE enables the Counselor to diagnose, evaluate, and place inmates in the appropriate educational program.

Overview of Inmate Education Orientation: The education counselor does the inmate orientation once a week for all incoming inmates. The orientations are conducted within two days after the arrival of new inmates.

Overview of the Academic Programs: The Education Department at SCI-Fayette has a compliment of Four ABE instructors which are broken down into: two ABE teacher, one Pre-GED teachers, one GED teacher, and one Education Guidance Counselor.

Overview of Special Education, ADULT Commonwealth Secondary Diploma Program (ACSD) & Commonwealth Secondary Diploma Program (CSD) (if available): SCI Fayette does not have Special Education. SCI Fayette does have the ACSD program which is offered to inmates who provide their transcripts.

Overview of any Literacy Tutoring Programs: We use an agency called "Tutors of Literacy in the Commonwealth" to train new tutors for the classrooms and for our Block Tutor Program.

List of Full-time Vocational Programs & Certifications Offered:

Business Education- ICDL (International Computer Driver's License)
Carpentry Trades – NCCER (National Center for Construction Education & Research) OSHA (Occupational Safety & Health Administration)
Heating, Ventilation and Air Conditioning (HVAC) – Refrigerant Transition and Recovery Certification (EPA Certificate)
Welding Program – NCCER and American Welders Society (AWS).
Custodial Maintenance & Repair – Technical Publishing Company (TPC), NCCER

SCI FOREST EDUCATION PROGRAMS

Overview of the Institution: The State Correctional Institution at Forest is a facility opened in 2004. It is a Maximum Security Level 4 institution located in Marienville, Forest County with a current population of 2,262 residents. The total count of inmates housed in the Restricted Housing Unit is 116. Geographically, the inmate population consists of individuals committed from many of the Commonwealth counties. Although the institution is located in a rural county, most of the resident population is from urban areas in the state.

Overview of the Education Department: Adult Basic Education (ABE), GED, and Special Education classes are offered at all ability levels. Students are tested, interviewed and placed in classes based on their reading and math abilities. Students are transferred to appropriate classes based on their individual progress. The ultimate goal of the Education Department is to prepare students to pass the GED exam or obtain their Commonwealth Secondary Diploma (CSD) and to encourage students to become life-long learners.

Overview of Education Counseling & Testing: Initial counseling is provided to review educational records, test results, interests, and goals of the inmates. Once reviewed additional testing may be completed to properly place the student in classes appropriate to his levels and interests. All inmates are encouraged to attend school to obtain their GED or High School Diploma and to pursue a trade that will aid them in becoming a responsible citizen upon release from the prison.

Overview of Inmate Education Orientation: The Education and Treatment Departments will be represented at Inmate Orientation. The inmates are provided information regarding available educational and treatment programs and services. Educational brochures, English and Spanish, are made available to the new inmates that explain all the primary academic and vocational programs. Education department staff is also listed to provide resource persons for the inmates to send questions/requests.

Overview of the Academic Programs:

GED courses	Pre-Vocational course
PLATO learning labs	Money Smart course
ESL courses	ACT 143 Victim Awareness Education class
Adult Basic Education (ABE) courses to 0-8.9 reading level students	
Commonwealth Secondary Diploma classes for school age and adult students	

Overview of Special Education & Commonwealth Secondary Diploma Program (if available):

SCI-Forest provides Special Education services to pre-identified Special Education students. Those regular education and special education students who are of school age may qualify to attend school to obtain their High School Diploma.

List of Full-time Vocational Programs & Certifications Offered:

- | | |
|--|-------------------------------------|
| * Auto Technology - NOCTI | * Custodial Maintenance - NCCER |
| * Masonry - NCCER | * Building Trades/Carpentry - NCCER |
| * Electrical - NCCER, OSHA | * Business Education - ICDL |

SCI FRACKVILLE EDUCATION PROGRAMS

Overview of the Institution: The State Correctional Institution at Frackville is located in Schuylkill County. It was designed and constructed by the Pennsylvania Department of Corrections and opened in 1987. The facility was constructed as a 600 cell medium security institution to house adult male offenders. In 1992, the institution was changed to a maximum security prison and currently houses 1158 male offenders.

Overview of the Education Department: SCI-Frackville's Education Department has four full time academic instructors and three full time vocational teachers and an Education Guidance Counselor. The Library is staffed with a librarian and one assistant.

Overview of Education Counseling & Testing: The Education Guidance Counselor utilizes an "open door policy" and affords every student counseling as needed. The guidance counselor also assists in the attendance monitoring and student discipline procedures. The Counselor accepts staff and/or other inmate referrals. In addition to the Guidance Counselor, other staff members, including the teachers and the school principal are available to provide individualized counseling assistance upon request. The primary assessment tools utilized by the Education Department are Forms 9 and 10 of the TABE, which measure reading, mathematics and language development levels. Teachers conduct all testing. English as Second Language (ESL) students are assessed using Basic English Skills Test (BEST). Mathematical ability is assessed using the TABE tests.

Overview of Inmate Education Orientation: A member of the Education Department serves on SCI Frackville's orientation, reception, placement committee. This committee meets every new arrival. The education representative completes a reception form and gives an up to date education pamphlet to each new reception. Mandatory schooling policy is explained at the time.

Overview of the Academic Programs: The ABE program at SCI-Frackville encompasses all academic classes through the eighth grade level, including English as a Second Language (ESL). Students are placed into ABE classes at a level determined by scoring on the TABE PC test administered by SCI Camp Hill. All academic programs are conducted in a self-contained classroom. Students are assigned to attend five days per week at the same designated time each day. The goal of education programs at SCI Frackville is the successful completion of the General Educational Development (GED) test or completion of the requirements for the Adult Commonwealth Secondary Diploma Program (ACSD). Secondary classes begin at the GED level and advance through classes in which students are given a rigorous program of skill building leading to a mastery of the GED test.

List of Full-time Vocational Programs & Certifications Offered:

- Barber Shop State Manager's License
- Electronics NCCER, COR, Level I, II, OSHA Certification
- Business Cluster, International Computer Driver's License (ICDL)
- Custodial Maintenance OSHA Certification

SCI-GRATERFORD EDUCATION PROGRAMS

Overview of the Institution: SCI-Graterford is a Level 4 Security institution, with a current population of 3,333. Average minimum sentence is 7.1 years, not counting 655 life sentenced inmates and 28 execution sentenced inmates who represent more than 20% of the total population. Another 19% are serving minimum sentences of 10 years or more.

Overview of the Education Department: The primary goal of the Educational Department is to assist in developing academic and vocational skills. Academic classes are to prepare inmates to take the GED. ESL is available for those inmates whose primary language is not English. College courses are offered periodically throughout the year for inmates who are high school graduates and academically suited.

Library – Law & Leisure

Overview of Education Counseling & Testing:

- PLATO Laboratory – TABE Testing
- Pre-GED Testing
- GED Testing

Overview of Inmate Education Orientation: Education orientations occur through inmate requests and group orientation meetings on an as needed basis. Lists of newly arrived population members are published through the DOCNet Bus Arrival lists. The education orientation process is presented by the Education Guidance Counselor. The Delivery of Educational Services, 7.6.1 mandates, all classes in the Education Department (to include teacher names), the PLATO Laboratory are presented. An education brochure listing all classes offered, Money Smart, Pre-Voc, VAE, and Read to your Children programs is provided to all inmates.

Overview of the Academic Programs:

- ABE 1- Reading Level 0 through 10th grade
- ABE 2- Reading levels 0th through 10th grade
- ABE 3- Reading levels 0th through 10th grade
- ESL – Primary Language is not English
- Out of Cell Study-SRTU-Stability D Inmates
- Cell Study-Special Education Students, as needed

Overview of any Literacy Tutoring Programs: Our one-on-one tutoring program is accomplished through Prison Literacy Program run by adult volunteers and classroom peer tutors under the direction of the school principal and educational guidance counselor. Training occurs through various outside literacy sources, including IU-13, Tutors or Literacy in the Commonwealth and internal certified trainers. A tutorial program is also conducted among Capital Cases on J-Block, coordinated by the School Literacy Program.

List of Full-time Vocational Programs & Certifications Offered:

- Barber Manager – State Barbering license
- Barber – State Barbering License
- Adult Business Education – ICDL (Int'l. Computer Driver's License)
- Warehouse Operations – Eastern Fork Lift Certification
- Custodial Maintenance

SCI GREENE EDUCATION PROGRAMS

Overview of the Education Department: School is offered by three full-time academic instructors, three full time vocational instructors, the education guidance counselor, and barbershop manager. Classes are held in the day time. The typical term enrollment is about 200 participants.

Overview of Education Counseling & Testing: The Education Guidance Counselor provides student counseling as needed. The primary assessment tools utilized by the Education Department are Forms 9 and 10 of the TABE, which measure reading, mathematics, and language development levels. The counselor holds orientation, schedules testing, and uses the results for student achievement reporting and referral for GED® testing. Counseling services are available to inmates by request to staff forms, teacher referral and program necessity. In addition to the guidance counselor, the school principal is available to provide individualized counseling assistance upon request. As students are approved for correspondence coursework, staff will proctor exams for the individual as needed.

Overview of Inmate Education Orientation: The education department staff place students at their ability levels. After the students meet with IRC, Initial Reception Committee, they are scheduled for education orientation. During the education orientation, programs are reviewed, a handout is distributed, a survey is completed, and questions are answered. Those who have no recorded TABE scores, and do not have a HSD or GED will be given the TABE locator. After being scored, the TABE is administered to those who are required to attend school. Students are re-scheduled if they are not available so that all who receive orientation are tested and appropriately determined to receive or desire education services.

Overview of the Academic Programs: Academic programs are classified under Adult Basic Education (ABE); ABE has three levels-below fifth grade reading; and the two pre-GED levels are split by their math scores, but still have a reading score below 7.9; GED class requires both reading and math scores to be 9.0 or above. The ESL class focuses on basic literacy skills and is taught in English. The primary objective is for the learner to advance his understanding of the English language. The instructor delivers instruction in various ways, from whole group to individualized assignments based on skill level. The Read to Your Child Program allows for the development of adult literacy and strengthens family relations. The program provides for a positive display of Corrections and community interaction, along with development of student reading skills and its visual impact upon young children (ages 2-12). Participants choose a story book and read the story to their child which is video taped onto a DVD and sent home.

Overview of Special Education & Adult Commonwealth Secondary Diploma Program (if available): SCI Greene offers the Adult Commonwealth Secondary Diploma. This program provides the opportunity for students to earn their diploma by including credits they earned while attending high school. Candidate's high school transcripts are requested through the PA Department of Education. Teachers utilize the transcript information to calculate the missing graduate credits needed for the diploma. A plan is developed for students to make up the missing credits in the various subject areas. Also, successfully passed GED® scores in subject areas on the GED® test will be counted towards earning the ACSD diploma.

Overview of any Literacy Tutoring Programs:

On the (RTU) Residential Treatment Unit, a trained inmate tutor works one-on-one with individuals identified as needing development of educational skills, but not able to function in a classroom setting. A two day tutor-training program is conducted by an Adult Basic Education Teacher using various source materials in motivational and ethical approaches to education philosophy. Classroom tutor selection is based on the most qualified inmate.

List of Full-time Vocational Programs & Certifications Offered:

- Heating, Ventilation, Air Conditioning (HVAC) NCCER & EPA
- OSHA 10 hour course
- Building Trades (NCCER)
- Business Education (ICDL)

SCI-HOUTZDALE EDUCATION PROGRAMS

Overview of the Institution: The State Correctional Institution at Houtzdale is a Medium Security Level 3 institution located in Clearfield County with a population of 2,500 residents. Geographically, the inmate population consists of individuals committed from all the Commonwealth counties. Although the institution is located in a rural county, most of the resident population is from urban areas in the state.

Overview of the Education Department: In accordance with State and Federal mandates, 99% of the Academic faculty at Houtzdale holds Level II certifications with the remaining 1% working toward Level II completion. In the area of vocational education, 97% of the Vocational teachers hold Vocational I certification, 1% Vocational teacher is presently working toward a Vocational I certification and 1% have been "grandfathered in." The Education Counselor, Corrections Librarian and Barber Instruction are certified in their respective areas making a total of 19 staff. Through ongoing Professional Development within the department and the desire to present excellent educational programs, the faculty is considered "blue ribbon" in the field of correctional educational services to our inmates.

Overview of Education Counseling & Testing: All inmates are required to attend school unless documentation is provided that the inmate has earned a high school diploma or GED. Inmates who are 21 years of age and younger may request and obtain the Commonwealth Secondary Education Diploma, which is a high school diploma issued through the Pennsylvania Department of Education. Special Education programming is provided to those who qualify in accordance to state and federal regulations. Inmates who are within five years of their minimum date are tested to determine academic placement and, once placed, the development of an Individualized Program of Instruction (IPI) is created to meet specific needs in Reading, Mathematics, and Language. Inmates who have earned a GED, High School diploma, CSD, ACSD or completed 360 hours of classroom instruction, Pre-Voc and Money Smart and have expressed interest in pursuing one of the six Vocational Programs are interviewed and assessed for proper placement.

Initial counseling is provided to review educational records, test results, interests, staff recommendations, and short and long range goals. Recognition of deficiencies, weaknesses, difficulties, and the establishment of educational and vocational goals is the primary focus.

Overview of Inmate Education Orientation: The Education and Treatment Departments are represented by a videotaping. The representative addresses the newly arrived inmates regarding the various education and treatment programs as well as other services offered at the institution. Each inmate is supplied with an education and library brochure. All the primary academic and vocational programs are described; noting who the staff is that instructs the class. This orientation pamphlet is in both English and Spanish. Special Education students are immediately identified and placed into educational services. Inmate Orientation is overseen by a rotation of Unit Counselors and Facility Management, on a weekly basis. The Initial Reception Committee (IRC) identifies new inmates for the weekly orientation.

Overview of the Academic Programs:

Basic Education Courses

- A. Reading
- B. English
- C. Mathematics
- D. Special Education
- E. Act 143 Victims Awareness
- F. Language Arts
- G. PLATO Lab
- H. Pre-Voc.
- I. Money Smart
- J. Adult Commonwealth Secondary Diploma
- K. Business Education

Overview of Special Education & Commonwealth Secondary Diploma Program (if available.): SCI-Houtzdale follows the directives and uses the forms and procedures outlined in the Pennsylvania

Department of Education Implementation handbook and State Standards and Regulations with regard to Special Education. (Individuals with Disabilities Education Act, 20 U.S.C. § 1400, et seq. and Chapter 14, Pennsylvania Department of Education, Special Education and Services Regulations, 22 Pa. Code §14.101, et seq.)

Secondary Education Courses

- A. ACSD/GED – English /Writing skills
- B. ACSD/GED – Mathematics
- C. ACSD/GED – Science
- D. ACSD/GED – Social Studies
- E. Pre-Algebra
- F. Algebra
- G. Health
- H. Special Education
- I. Commonwealth Secondary Diploma
- J. Business Education
- K. Cell Study-RTU Services
- L. Correspondence Courses (with institution approval)
- M. Adult Commonwealth Secondary Diploma

Overview of any Literacy Tutoring Programs: None.

List of Full-time Vocational Programs & Certifications Offered:

Vocational Education Courses

- A. Custodial Maintenance – NCCER, (TPC)
- B. Barber School – PA Licensure
- C. Building Trades/Construction Cluster (NCCER CORE/NCCER I)
- D. Electronics-NCCER
- E. Electricity-NCCER
- F. Warehouse Operations/Material Handling – Forklift Licensure, MHIA

SCI HUNTINGDON EDUCATION PROGRAMS

Overview of the Institution: One of Huntingdon's most notable landmarks is the State Correctional Institution at Huntingdon. Located along the bank of the Juniata River, SCI-Huntingdon opened in February 1889 as the Pennsylvania Industrial Reformatory. Today, the institution houses approximately 2,100 inmates and employs approximately 650 staff, half of these being corrections officers. The basics of bricklaying, carpentry, painting, and other trades flourish through the institution's maintenance programs and vocational training. Many of the same shops used in 1889 are still being used today.

Overview of the Education Department: SCI-Huntingdon's academic and vocational programs are directly supervised by the Department of Corrections and monitored by the Pennsylvania Department of Education. Our staff offers a variety of courses and programs. Both academic and vocational classes are offered year round. The educational program allows for flexible scheduling that permits inmates to enter at any time and to proceed at their own learning pace. Through these programs, we provide the means to fulfill our mission statement which is to provide educational opportunities which will enable students to become responsible and productive in a diverse society.

Overview of Education Counseling & Testing: Education counseling is available to all inmates. Most counseling sessions are one-on-one; however, occasionally group counseling is done. The education staff offers various tests which include the TABE, GED, Pre-GED, vocational interest surveys, and college exams.

Overview of Inmate Education Orientation: The Education Department counselor conducts a complete orientation to the inmates of the educational programs that are available. All new inmates are called to an orientation session within a week of their arrival where they are given a school brochure, either in Spanish or English. Each inmate is scheduled for a follow-up interview within two weeks of the initial orientation session. A prescriptive plan is developed with each inmate according to his strengths and weaknesses.

Overview of the Academic Programs: The education staff at SCI-Huntingdon offers a wide variety of academic classes to the inmates, including both adult basic education and GED level classes. The classes are highly individualized and enrollment is mostly open entry and open exit. We also offer the Pre-Vocational program, ACT 143 Victim Awareness, and Money Smart.

Overview of Special Education & Commonwealth Secondary Diploma Program (if available): The Adult Commonwealth Secondary Diploma program is available for inmates who want earn a High School Diploma by completing the required 15 credits. Special Education is not available at SCI-Huntingdon. However, guidelines and provisions are in place to provide services to a special needs student until transferred to an appropriate institution.

Overview of any Literacy Tutoring Programs: SCI-Huntingdon has a Laubach Literacy Council complete with a board of directors and certified tutors and tutor trainers. Most tutoring is done in our classrooms. Tutors are mainly utilized for students functioning at the fourth grade level or below.

List of Vocational Programs & Certifications Offered:

- Building Trades School - NCCER and Vinyl Siding
- Print School - Offset Printing and Graphic Arts Imagery
- Carpentry School - NCCER
- Computer Applications and Various Business Classes - NOCTI Certification, ICDL, and Money Smart
- Warehouse Program - Forklift Certification
- Barber Program - State License

SCI LAUREL HIGHLANDS EDUCATION PROGRAMS

Overview of the Institution: The State Correctional Institution at Laurel Highlands is located in Somerset County, in Somerset Township, along Route 31, approximately one mile from the Borough of Somerset. The facility opened July 1, 1996, as a security level 2 facility for adult male inmates. The facility occupies the former Somerset State Hospital property. SCI-Laurel Highlands serves as the Commonwealth's provider to inmates with special needs; namely, long-term care, wheelchair, dialysis and geriatric inmates, as well as general population inmates.

Overview of the Education Department: The primary function of the Education Department is to develop and schedule appropriate academic and vocational courses. These serve as resources to be used by institutional support teams in developing a Correctional plan to meet the needs of an inmate during his incarceration and to help him prepare for a successful reentry into society upon his release.

Overview of Education Counseling & Testing: Once arriving at SCI-Laurel Highlands, the Education Counselor reviews every inmate's CDCC Data/Educational Record. The counselor meets individually with inmates to determine and access educational goals. Those inmates that are not tested upon reception at SCI-Camp Hill are tested upon arrival at SCI-Laurel Highlands by the Education Guidance Counselor.

Overview of Inmate Education Orientation: The Education Counselor provides an orientation brochure describing the educational programs at SCI-Laurel Highlands to each inmate. The programs are discussed and questions answered during orientation.

Overview of the Academic Programs: MGED (0-5); MGED (5-8); MGED Unit Study; MGED Personal Care and Long Term Care; MGED (9-12); and ESL. PLATO Lab utilized once a week by all. PreVoc/MoneySmart and Victims Awareness Education classes.

Overview of Special Education and Commonwealth Secondary Diploma Program (if available): Adult Commonwealth Secondary Diploma Program

Overview of any Literacy Tutoring Programs: N/A

List of Full-time Vocational Programs & Certifications Offered:

- Cosmetology – State Cosmetology License/Cosmetology Manager License
- Electronics – Electronics Technicians Association (ETA) Certification/NCCER
- Business Education – International Computer Driving License (ICDL)
- Custodial Maintenance – National Center Construction Research center (NCCER) Certification and TPC Certification

SCI-MAHANOY EDUCATION PROGRAMS

Overview of Institution: SCI Mahanoy is a medium custody level institution. It is located in Schuylkill County, Pennsylvania. There are 10 housing units including the RHU, DTU, and RTU with approximately 2500 inmates. The education area is located in the Program Services Building in the center of the compound.

Overview of the Education Department: The Department is staffed by five full time academic instructors. Educational classes are offered five periods a day. A variety of academic courses are available for literacy level to GED allowing for immediate placement. Five vocational instructors offer programs that provide opportunities for national and state certification attainment. Barber training is also an option. Two apprenticeship opportunities are present in the institution. All of the programs that are offered are directed toward successful re-entry.

Overview of Education Counseling & Testing: There is an Education Guidance Counselor on staff who assists inmates in meeting their needs and goals. TABE testing, Pre-GED and GED tests are instruments that are used to aid in proper placement.

Overview of Inmate Orientation: Each new inmate that will be housed at SCI Mahanoy is scheduled for a half day orientation. Orientation is held on Tuesday morning each week. Various departments send representatives to discuss specifics from their area. The Educational Guidance Counselor concludes the orientation by presenting inmates with library and education brochures that describe classes, mandates and processes for being placed on vocational waiting lists. Each inmate is addressed and spoken to individually to discuss the verification process and mandatory and voluntary academic education. If TABE testing is necessary, the counselor sets up appointments at that time.

Overview of Academic Programs:

The following Academic Programs:

- | | |
|--|--------------------------------|
| * ESL Adult Literacy | * Adult Literacy |
| * General ABE Classes (0 -8.9 grade level) | * ABE Math |
| * Pre-GED | * General GED |
| * GED Math | * English as a Second Language |
| * Money Smart | * Reading to Your Children |
| * Act 143 Victim Awareness | * Pre-Vocational Classes |

A slide show is broadcast on SCI Mahanoy's closed circuit TV station to advertise academic and vocational programs.

A Pearson Vue lab has been added for GED/Barber exams.

There are two 15 station PLATO Computer labs that are incorporated into the curriculum of many of the academic programs.

Overview of Adult Literacy Tutoring Programs: Pro Literacy tutors train several inmate volunteers each year. A staff coordinator then pairs the trained tutors with students. The pair meet on a scheduled basis in the education building or on their housing unit. This allows students in need of extra assistance to obtain it on a one-to-one basis.

List of all Full-time Vocational Programs & Certificates Offered:

- Auto Technology (one year program) four semesters- State Inspection License and MACS
- Barber Program (1250 hour program) - State License
- Business Program (six course program) - International Computer Driver's License (ICDL)
- Electronics four semesters-NOCTI, ETA, FCC, ISCET, OSHA
- Specialized Carpentry (one year-four semesters): NCCER Certification is offered in Core Curriculum: Carpentry Level I Fundamentals and Your Role in the Green Environment
- Warehouse Operations (six months): MHIA Certification and Lift Truck Operators Permit through Clark Lift Trucks, Inc.

SCI MERCER EDUCATION PROGRAMS

Overview of the Institution: SCI- Mercer is a security level 3 facility located in the northwestern sector of Pennsylvania. SCI- Mercer first opened in 1978 as a regional facility, in 2008 SCI- Mercer was recognized as a state facility. SCI- Mercer is situated on 304 acres of land with 37 acres being inside the double-fenced perimeter. When SCI Mercer opened it had a capacity of 180 inmates, it now houses over 1400.

Overview of the Education Department: SCI- Mercer holds both academic and vocational classes year round. We have four full time ABE/GED teachers that hold class at four different time slots allowing for flexible time schedules to fit the needs of the inmate. We currently have four vocational teachers (one of which is ESL) with varying time schedules as well. Both the academic and vocational programs permit students to enter at any time and are self-paced learning. Through these programs, we provide the means to fulfill our mission statement which is to provide educational opportunities which will enable students to become responsible and productive in a diverse society.

Overview of Education Counseling & Testing: Education counseling, testing, and guidance services are offered by the educational counselor and are explained during the inmate's orientation to the institution. Individual counseling is offered through an "open door" policy in which the Education Counselor or Principal is always available. The counselor interviews, evaluates, and places interested inmates in the best suited vocational and educational classes.

Overview of Inmate Education Orientation: The Education Department counselor conducts a two part orientation for each inmate received in the institution. The first meeting, programs are introduced in a group setting by brochure. The second meeting is a one on one orientation with each inmate to pick which program(s) will best suit each the inmate. Programs are explained to each individual inmate including type of program, certificates, class expectations, and enrollment process.

Overview of the Academic Programs: SCI - Mercer offers a wide variety of academic classes to the inmates, including adult basic education and GED level classes. Students are expected to attend five days a week as their designated times. Students also have the option of pursuing their Adult Commonwealth Secondary Diploma while attending education classes.

ABE (0.0 - 8.9 GE)

GED/ACSD (9.0 – 12.9 GE)

ESL (thru GED levels)

Special Programs

Pre- Vocational Work Place Essentials

Money Smart

Learning Center

ACT 143

List of Full-time Vocational Programs & Certifications Offered:

- Business Education/ Computer Lab – ICDL Certification
- Automotive Repair – PA State Inspection License
- Barbering and Barber Management – PA State License Barber/ Barber Management
- Building Trades – NCCER CORE, Level 1, NCCER CSSO, OSHA
- Custodial Maintenance – NCCER CORE, NCCER CSSO, OSHA, TPC Custodial Maintenance, Wardflex

SCI MUNCY EDUCATION PROGRAMS

Overview of the Institution: SCI Muncy is a level 4, close security, adult female facility. The main institution complex occupies approximately 25 acres, which is enclosed with a perimeter fence. This facility is the Diagnostic and Classification Center with a design capacity of 1,014.

Overview of the Education Department: The SCI Muncy Education Department offers alternative, non-traditional education, as the majority of inmates have failed at traditional education. Consequently, our programs are student centered maximizing the use of self-paced and one-on-one instruction. The goal is to increase student responsibility, enhance learning efficiency, and ensure a greater likelihood of student success.

Overview of Education Counseling & Testing: The TABE-PC provides automated administration, scoring, and reporting of the Test for Adult Basic Education on a personal computer. It is implemented at Muncy on two levels. First, the DCC Unit Manager provides a list of new commitments for TABE testing in the school. The tests are scheduled one day a week. Second, the TABE is scheduled for general population to accommodate post-testing. The availability of counseling and education opportunities is explained at the orientation, posted in the housing units, and in the "Inmate Handbook".

Overview of Inmate Education Orientation: Each new inmate at SCI-Muncy is housed in the DCC for testing and orientation. After the assessment period, the Education Guidance Counselor meets with all inmates classified for Muncy. Academic and Vocational information provided to newly arrived inmates at their initial education orientation includes TABE review and interpretation, resource information, and the school brochure reflecting class offerings.

Overview of the Academic Programs: All academic programs operate four periods a day, one and a half hour each, Monday through Friday. Classes start at 0805 and end at 1600.

Overview of Vocational Programs: All vocational programs operate Monday through Friday and vary in length. Classes start at 0805 and end at 1600.

Overview of Special Education & Commonwealth Secondary Diploma (CSD) Program: The Department of Corrections assures ongoing identification and screening of students who are thought to be exceptional and in need of Special Education programs and services. Students confined to state institutions retain all rights to a Free and Appropriate Public Education (FAPE). The Commonwealth Secondary Diploma has a standardized core curriculum. It consists of set courses, similar to those specified in public education, that fulfill graduation requirements for the students attending an alternative school. The school day will provide for five and one half hours of instructional time. The CSD accommodates regular and special education students.

Overview of any Literacy Tutoring Programs: Muncy's One on One Reading Education Program (MORE) provides one-on-one reading tutorial sessions for students identified as non-readers and academic tutoring in preparation for GED testing. Tutoring is scheduled on an individual basis.

List of Full-time Vocational Programs & Certifications Offered:

Machine Shop	TPC		
Cosmetology	State License	Building Trades	NCCER
Business Education	ICDL	CADD	NOCTI

SCI PINE GROVE EDUCATION PROGRAMS

Overview of the Institution: SCI Pine Grove, located in Indiana County, is a maximum security facility that houses male young adult and youthful offenders as well as adults. The Young Adult Offender program (YAO) (18-21) and youthful offender (<18) is primarily designed for offenders adjudicated as adults due to the nature of the criminal offense committed. The YAO and youthful program is operated as a therapeutic community meeting the psychological, social, recreating work and educational needs of the inmates. The therapeutic community was designed to utilize behavior modification as a primary management tool. Young adult offenders are continually encouraged to make changes in areas of responsibility, discipline, respect for others as well as themselves, and to help them develop positive self-esteem. The YAO's positive accomplishments are recognized and rewarded while negative dysfunctional behaviors are discouraged.

Overview of the Education Department: SCI Pine Grove has been certified by the Pennsylvania Department of Education as a year round school. Certified teachers, administrators and adjunct support staff provide educational related services to both the young adult offenders as well as the inmates in the adult population. YAO's are required to attend school and complete mandatory related group activities.

Overview of Education Counseling & Testing: Ongoing counseling to inmates not only encourages them to become involved in the education program, but also to help them achieve their highest academic potential. An educational based therapeutic support team consists of the school principal, education counselor and the school psychologist. The therapeutic intervention team works in conjunction with the teaching staff to minimize and/or eliminates problem behaviors that interfere with the learning process. GED tests are offered at least three times per year. The Test of Adult Basic Education (TABE) is routinely administered along with a myriad of other psycho-educational tests as needed by the school psychologist.

Overview of Inmate Education Orientation: The Initial Reception Committee (IRC) identifies new inmates for the weekly orientation. Designated representatives from each department, via institution video, specifically address the procedures of the department. An educational program brochure is provided for each inmate. The principal, or designee, offers a broad overview of the Education Department summarizing the courses available. The educational guidance counselor describes the courses available and enrollment process. An education and vocation questionnaire is passed out and completed by the inmates at orientation.

Overview of the Academic Programs: Adult basic education is offered to inmates without a verified high school diploma or GED.

Overview of Special Education & Commonwealth Secondary Diploma Program: Special education support services are provided to inmates who are deemed appropriate. Evaluation reports and individual education plans (IEP) are developed in accordance with state and federal standards. Inmates may register for either the Commonwealth Secondary Diploma Program (CSDP) or study for the GED. Regular education school age students can earn a high school diploma through the accumulation of required credits. Special education students can attain a diploma by meeting the goals and objectives of the IEP or an accumulation of required credits.

List of Full-time Vocational Programs & Certifications Offered:

- Building Custodial Maintenance – TPC Training Systems-Building Custodial Maintenance, TPC Training Systems-Tile replacement, installation and overall floor care, NCCER Apprenticeship Certificate
- Building Construction Carpentry – NCCER Apprenticeship Certificate
- Business Occupations – International Computer Driver's License (ICDL)
- Computer Aided Drafting (CAD) – American Design Drafting Association (ADDA) Certificate and NOCTI
- Heating, Ventilation & Air Conditioning (HVAC) – EPA Refrigerant Handling Certification, Automotive Air Conditioning and Certification (ASE), OSHA 10 hour Safety Training Certificate and NCCER apprenticeship

SCI PITTSBURGH EDUCATION PROGRAMS

Overview of the Institution: The State Correctional Institution at Pittsburgh (SCI Pittsburgh) re-opened as the Commonwealth's 26th correctional facility after nearly two years of being in mothball status in January 2007. The first inmates arrived June 7, 2007. SCI-Pittsburgh, a 1500 bed facility, is the oldest facility in our correctional system. A 27-foot high block, sandstone and concrete wall encloses the 12 ½ acre complex. The facility is a minimum/lower-medium security prison that provides drug and alcohol treatment to inmates, particularly those offenders who will one day return home to the western part of the state. In 2008, the institutional bed capacity was increased to 1850 with the opening of E and F units.

Overview of the Education Department: SCI Pittsburgh has been certified by the Pennsylvania Department of Education as a year round school. Inmates are mandated for 360 hours of education if they don't have a GED or High School Diploma. Each inmate will attend school for five and a half hours a day. Tenured teachers provide the necessary general education curriculum. Certified Vocational hands-on training is provided for inmates depending upon each individual's aptitude. Programs currently offered include: Building Custodial Maintenance, Electricity, Business Education and Barbering.

Overview of Education Counseling & Testing: Education counseling, testing, and guidance services are offered by the educational counselor and are explained during the inmate's orientation to the institution. An educational handout is distributed to each inmate and is reviewed by the staff members. If an inmate submits a request slip to the Education Department, it will be responded to within five working days. A counseling session could be scheduled, depending on the inmate's daily schedule. Once a student is tested or enrolled, counseling services are available. These services can be initiated by a request to either the counselor or teacher.

Overview of Inmate Education Orientation: An orientation of Education is scheduled once per week for new inmates. At orientation inmates are provided with an educational overview that explains all the different offerings by Education.

At the IRC, the Education orientation session the Education Counselor will pass out the revised Educational Program and Orientation Form and explain how to fill it out. Upon completion, the counselors will answer any questions dealing with education and collect the forms so they may be used to determine interests, abilities, and to establish a self-reported educational history.

Overview of the Academic Programs:

Adult Basic Education (ABE) Class: This program is designed for all students who do not have a High School Diploma or GED and must attend at least 360 hours of education or who score below 5.0 on the Test of Adult Basic Education (T.A.B.E.). Assistance is provided in helping the inmate to learn and to read, write and do math skills. Inmates work in the classroom and the computer lab. Once the student scores 8.0, he is eligible for Pre-GED Class.

Pre-GED Class: This class is designed for adult learners who are functioning between the fifth and eighth grade level and desire to obtain a General Education Development Diploma. Subjects covered will include math, writing, social studies, science, and reading skills. Inmates work in the classroom and the computer lab. At the completion of the program, the student may take the Practice GED Test. If a satisfactory score is received, the student will be scheduled to take the GED Test, which is administered four times a year. After testing indicates a satisfactory level of advancement, the student is promoted to the GED Program.

GED Class: This class is designed for learners who are functioning above the 9th grade and is planned around the five category skills necessary to receive an equivalency diploma. These skill areas are math, science, social studies, reading, and writing. At the completion of the program, the student may take the Practice GED Test. If a satisfactory score is received, the student will be scheduled to take the GED Test, which is administered three times a year.

Overview of Special Education & Commonwealth Secondary Diploma Program: SCI Pittsburgh does not offer Special Education Services to inmates at this time.

Overview of Literacy Tutoring Programs: At SCI Pittsburgh inmate tutors are utilized for “one-on-one” and group tutoring. They are trained by the individual teachers in each classroom and are employed as a paid job position at the facility. They are selected via the counselor’s recommendation and interviewed by the teacher. All DC-15 and DC-47C records are reviewed prior to selection for interviews.

Full-Time Vocational Programs & Certifications Offered:

Custodial Maintenance--NCCER Certification: The Custodial Maintenance Program is a one-year, four-semester course designed to prepare inmates for entry-level employment in the Custodial Maintenance field. Students will follow the TPC training systems and the National Center for Construction Education and Research (NCCER) curriculum. Students will receive instruction in safety and in carpentry, plumbing, electrical, and other areas of Building Maintenance.

Electricity-- NCCER Certification: Students will follow the National Center for Construction Education and Research (NCCER) curriculum. Students will receive instruction in safety, electrical theory, residential, commercial, and industrial wiring. Instruction on conduit bending, and an emphasis on hands-on wiring will be covered. Students will also learn how to read the National Electric Code (NEC) book.

Business Education--ICDL Certification: Students will work towards the attainment of the ICDL certification. Classes are focused on the use of various computer programs such as; Excel, Word, Access, Power Point Presentation and keyboarding.

Other Certifications:

Fiber Optics
OSHA 10 hour course
Barber License
Wardflex

QUEHANNA MOTIVATIONAL BOOT CAMP EDUCATION PROGRAMS

Overview of the Institution: One June 22, 1992, under legislative Act 215 of 1990 as amended by Act 86 and in PA Statutes 61 P.S. 1121-1129, the Pennsylvania Department of Corrections opened the Quehanna Boot Camp in Clearfield County. The Quehanna Boot Camp offers an alternative to traditional incarceration. Qualifying male and female offenders can significantly decrease their time and cost of incarceration by successfully completing an intensive six-month military-style boot camp experience. The Boot Camp also services the State Intermediate Punishment Program (SIP) for both male and female inmates.

The voluntary six-month boot camp program is designed to enforce positive life-building skills in a regimented, disciplined environment in concert with intensive drug and alcohol therapy and educational classes. SIP are not part of this program. They do, however, attend classes.

The Quehanna Boot Camp contains an indoor physical training area, expanded food service area, medical section, warehouse, laundry, educational classrooms, and Drug and Alcohol therapy rooms. With the completion of the Sewage Plant, the current capacity is 400 inmate participants. The average inmate population is about 500, and they have obtained a Custody Level 2 (minimum) designation.

Overview of the Education Department: Student referral and enrollment procedures begin during the institutional intake process. During orientation, inmates are made aware of the available education programs, such as the GED and vocational programs. Those students who have a GED or high school diploma must verify it for the Educational Department.

Overview of Education Counseling & Testing: The education counselor, and instructor do initial and ongoing counseling.

Overview of Inmate Education Orientation: For Boot Camp inmates, the educational program is fully explained during the first week of orientation. Students are informed if they are to attend school. At this time, school rules are explained and class schedules are discussed. Responsibilities are explained and performance expectations are discussed. A question and answer period completes the orientation phase. For SIP inmates, the Education Counselors meets with them at IRC to explain the program and then meets individually with them during their first week here.

Overview of the Academic Programs:

Basic Education:

1. Remedial Mathematics
2. Remedial English Grammar
3. Remedial Writing

Secondary Education:

1. GED Preparation
 - a. Writing Skills
 - b. Social Studies
 - c. Science
 - d. Literature
 - e. Mathematics

Overview of Special Education & Commonwealth Secondary Diploma Program (if available):

All identified Special Education students that arrive at the Boot Camp are assigned to the remedial education program. A special education plan (EP), which incorporates the procedures, guidelines, and forms as outlined in the Special Education implementation handbook are on file in the Education Department.

Overview of any Literacy Tutoring programs: N/A

List of Full-time Vocational Programs & Certifications Offered: Quehanna has a Janitorial/Building Trades Program that will offer skills in Occupational Safety, Janitorial skills, and basic building trades. Quehanna also offers OSHA 10, OSHA 30, and Fiber Optics. The Boot Camp is currently in the process of developing a masonry trade program.

SCI-RETREAT EDUCATION PROGRAMS

Overview of the Institution: The State Correctional Institution at Retreat is located in Luzerne County along the Susquehanna River and US Route 11. Retreat was opened in 1988 on the site of the Retreat State Hospital. Today, SCI-Retreat is a medium security Correctional Institute housing an average daily population of 1,131 male offenders.

Overview of the Education Department: The Education Department has an array of educational programs which are directly monitored by the Bureau of Correction Education. The staff offers a variety of daytime courses year round. The Education Department's mission is, "To provide learning opportunities that enable students to become responsible and productive in a diverse society".

Overview of Education Counseling & Testing: The Education Department has counseling in both the academic and vocational fields. Within the academic domain, the Education Counselor assists prospective inmate students to recognize their potential strengths. The primary focus is on students learning the skills in Math, Sciences, Literacy and Social Studies to earn a GED/ACSD. The other dimension also lies with the Education Counselor who provides vocational, individual, and group counseling sessions. She/He interviews, evaluates, and places interested inmates in the best suited vocational, and educational classes. Testing is conducted utilizing the TABE. This test is used to show initial placement and to monitor progress with the student's education. The TABE test is also a standardized tool to measure student academic gains. The GED test is offered throughout the year to eligible inmate students. Individuals requesting the test are screened with the official GED Ready practice test.

Overview of Inmate Education Orientation: The Inmate Education Orientation provides the incoming student with a list of programs and opportunities. The orientation outlines the academic and vocational programming in compliance with the Department of Corrections policies.

Overview of the Academic Programs: Academic programs include Adult Basic Education (ABE) and General Education Development level classes. Adult Basic Education teaches mathematics, reading/writing, ESL, science, social studies, language, living skills, and computer aided instruction. The General Education Development includes mathematics, reading, comprehension, vocabulary and spelling, language, living skills, and the PLATO computer lab. Other programs consist of Citizenship, Victim Awareness (Act143), tutoring on the block. Cell Study is also available for those inmates confined to the restrictive housing unit.

Overview of Special Education & Adult Commonwealth Secondary Diploma Program is available: The Special Education Program is available for the students previously identified as needing Special Education Services. IEP Conferences are conducted on a routine basis and instruction is according to the IEP and may lead to the students earning the Commonwealth Secondary Diploma.

With the availability of a transcript and the Adult Commonwealth Secondary Diploma program is available

Overview of any Literacy Tutoring Programs: Literacy Tutoring Programs are available on every block with the help of inmates with a verified GED or diploma. This is supplemental instruction to enrich the learning experience of the students. To apply for this position, the inmates just have to get approval from the School Principal.

List of Vocational Programs & Certifications Offered:

- Barber School-State Barber License
- Business Education-NOCTI
- NCCER Core and NCCER Advance
- Auto Tech
- Custodial Maintenance

SCI ROCKVIEW EDUCATION PROGRAMS

Overview of the Institution: SCI-Rockview was opened in 1915 as the third State Facility. Currently it houses approximately 2,387 inmates and provides inmates services in Education, Activities, Medical and Therapeutic care programs.

Overview of Education Department: The Prasse Educational Building was constructed in 1968 and houses a variety of educational programs. Currently, the staff consists of a Principal, one Educational Guidance Counselor, Clerk/Typist, Librarian and Librarian Assistant, five full-time Academic Instructors, and five full-time Vocational Education Instructors, and one Barber School Instructor. Two Academic Instructors teach the Pre-Vocational class which is offered twice daily. Rockview also has an instructor delivering Victim Awareness class at least one time each quarter.

Overview of Educational Counseling & Testing: The Education program includes an Educational Guidance Counselor. The counselor provides an educational orientation, interviews inmates, schedules inmates for classes, and inputs inmate/student records into the DC47C. The Education Counselor determines an inmate's placement based on TABE results, interests, and prior educational experience. The Educational Guidance Counselor also determines inmate placement based on an inmate's minimum date, aptitude test results, the inmates interest, and his ability to start and complete a program.

Overview of Inmate Education Orientation: Inmates are provided an Education Department packet that describes the programs available in the Education Department. Each student is interviewed by the Educational Guidance Counselor, who discusses program options, available programs, types of classes, and expectations.

Overview of Academic Program: SCI Rockview offers Academic programs from Pre-Literacy through GED levels. The mandatory GED Program provides those students without a High School Diploma or GED the opportunity to work towards achieving their GED.

Overview of Special Education & Commonwealth Secondary Diploma Program (If available): SCI-Rockview also provides inmates with an opportunity to earn a Commonwealth Secondary Diplomas. SCI-Rockview does not provide Special Education services. SCI-Rockview does provide Adult Education programs which comply with the Americans with Disability Act (ADA) section 504. We provide accommodations to these adults with learning and physical difficulties.

Overview of Literacy Tutoring Programs: The education program does not utilize a formal literacy tutoring program such as Laubach; however literacy instructors use the Laubach method to instruct literacy level students. Each instructor has "general purpose" tutors who assist in providing individualized instruction to literacy students. Students, whose primary language is not English, have interpreters available when necessary.

List of Full-time Vocational Programs & Certifications Offered:

- Masonry - NCCER
- Residential Wiring/Electrical - NCCER
- Welding - NCCER
- Business Education – ICDL
- Barber Program – State Barbering License
- Heating, Ventilation, and Air Conditioning (HVAC) – NCCER, EPA 608, EPA 609, R410A, HVAC Excellence Employment Ready, AHRI ICE, CSST Wardflex, OSHA 10-hour training.

SCI-SMITHFIELD EDUCATION PROGRAMS

Overview of the Institution: The institution opened in 1988 with an inmate capacity of 740. The current population is 1332, with 94 of these inmates housed in the RHU. The addition of K-Block has added approximately 140 to the general population. K-Block houses the RHU and initial reception inmates. J-Block houses the BMU inmates.

Overview of the Education Department: SCI Smithfield's Education Department currently operates with four academic teachers. The department has a complement of three vocational programs. The institution's library operates seven days per week with evening coverage. A mini law library is maintained in the RHU and BMU. The Education Building also houses the Chaplaincy Department, Activities Department and Therapeutic Groups.

Overview of Education Counseling & Testing: The education guidance counselor meets with every new inmate upon arrival to identify each inmate's educational needs. Classroom teachers establish an Individualized Plan of Instruction for all students. TABE testing is administered to all inmates who are not tested at the Initial Reception Center at Camp Hill. The education guidance counselor maintains the waiting lists for both Academic and Vocational classes and assists with student placement into the programs. In addition, the Education Guidance Counselor serves as a key person in attendance and progress monitoring procedures.

Overview of Inmate Education Orientation: Education orientation session is scheduled for each new inmate within two weeks of arrival at the institution. The education guidance counselor provides information about the mandatory GED and ACSD programs and specifics about participation in a vocational program. Each inmate is given an opportunity to complete an application to request verification of their GED or High School Diploma. They meet individually with the counselor and are placed on the appropriate waiting lists.

Overview of the Academic Programs: The learning centers are open-entry and open-exit, including students from all grade levels. Students are placed into specific classes based on their needs for credits or GED preparation at a level as determined by scoring on the TABE test. Students are assigned to attend five days per week at the same designated time each day. Students work on individualized education programming according to their academic needs. Teachers use the TABE test for education planning and to measure academic growth in the areas of Reading, Math and Language. The GED is administered to qualified students monthly.

Overview of Special Education & Commonwealth Secondary Diploma Program: SCI Smithfield does not have a Special Education program. With the availability of transcripts, the ACSD program is available.

Overview of any Literacy Tutoring Programs: The Education department offers a one-on-one tutoring program to inmates on their housing units. The Literacy Tutors are available to assist with reading, math and language. Bilingual Literacy Tutors assist ESL/ELL inmates in building English language skills.

List of Vocational Programs & Certifications Offered:

Barber Manager Program:	State Barber Manager License
Business Education:	NOCTI Certification & ICDL Certification
Building Trades:	NCCER Core and NCCER Carpentry Levels 1 & 2
Custodial Maintenance	TPC Trade Certification & NCCER Core

SCI SOMERSET EDUCATION PROGRAMS

Overview of the Institution: SCI-Somerset is a medium security facility for adult males. The total inmate population as of March 4, 2009 is 2,379. The Institution is located in Somerset County. It is situated on approximately 300 acres of land, with 63 acres of said land situated inside a double 14-foot fence. Inside the fence are six L-3 housing units with a capacity of 128 cells each, two new housing units of custody L-4 designed with 124 cells each, one L-2 housing unit, one L-5 unit, twelve infirmary beds, an education/activities complex, a maintenance/industry, and dietary complex, with a correctional industries laundry facility. SCI-Somerset has been accredited three times by the American Correctional Association.

Overview of the Education Department: Education within SCI-Somerset has three academic educational tracks. Students can work on achieving their GED® or Commonwealth School Diploma, receive Special Education Services, or improve their English skills through the English Second Language program. We offer numerous Vocational Education programs in which students can participate in a Pre-Vocational and Money Smart program, college correspondence courses, and the Read to Your Child/Grandchild program.

Overview of Education Counseling & Testing: The counseling program at Somerset utilizes an education counselor to assist the population in determining their strengths relative to available academic and vocational programs. Standardized testing is used for class placement and program enrollment.

Overview of Inmate Education Orientation: The orientation process at Somerset is conducted on a weekly basis for new arrivals. At this orientation, the population is introduced to all educational programs available at SCI Somerset, and placement process.

Overview of the Academic Programs: Subject specific classes are scheduled that will assist a student in working towards a General Equivalency Diploma or a Commonwealth Secondary High School Diploma. Students are placed in classes based on their tested abilities in reading and mathematics. Special Education is available to those that are eligible as well as remedial education for those that need a refresher on their academic skills. The ultimate goal of the Education Department is to prepare mandatory and voluntary students an opportunity to take and pass the GED Test, and or develop integrated skills that will enable them to obtain a Commonwealth Diploma.

Overview of Special Education & Commonwealth Secondary Diploma Program: The Special Education Program at SCI-Somerset is an open-entry/open-exit program designed to diagnose and remediate the academic deficiencies of exceptional learners. The program's core curriculum consists of language arts, the sciences, social studies, and basic computer applications with an emphasis on reading and mathematics. Students are also taught skills needed for today's workforce through individualized planned instruction. Individuals completing the program with satisfactory progress are awarded a secondary diploma. An Adult Commonwealth Secondary Diploma (ACSD) program is also available for those would like to earn traditional high school credits to obtain a diploma.

List of Full-time Vocational Programs & Certifications Offered:

Business Education – ICDL Certification
Carpentry – NCCER
CORE/NCCER - NCCER
Heating, Ventilation, and Air-Conditioning – NCCER
Interior Finishing – NCCER
Plumbing and Electricity – NCCER
Occupational Safety and Health Administration - OSHA
Masonry – NCCER
Vinyl Siding – (no certificate)
Wardflex – Wardflex certificate

SCI WAYMART EDUCATION PROGRAMS

Overview of the Institution: SCI Waymart is located in the Northeastern part of the state. It is currently classified as a level 2 institution and houses approximately 1450 inmates. The facility was previously operated by the Pennsylvania Department of Public Welfare and in 1989 was transferred to the Pennsylvania Department of Corrections.

In addition to general population inmates, the facility houses a Forensic Treatment Center which is committed to providing inpatient psychiatric care and treatment along with a 50 bed Intermediate Care Unit (ICU). The ICU is a non-court committed mental health unit that provides extended treatment to inmates who no longer require inpatient treatment at the Forensic Treatment Center but continue to need treatment in certain areas. Two open dormitory housing units provide 89 beds which are used as a step down unit and gateway to general population housing for the ICU inmates.

SCI Waymart also has a Special Assessment Unit, for inmates who have been confined to AC or DC status for extended periods of time and who have a history of mental health problems. SCI Waymart operates a 100 bed Personal Care Unit in order to meet the needs of the aging population.

Overview of the Education Department: The Education Department offers a variety of programming consisting of academic and vocational certification opportunities in order to meet the educational needs of inmates. An Individualized Education Plan is completed for each inmate participating in an educational program in order to address the learning needs and learning readiness of the student.

Classes are provided to the general population inmates, as well as, to inmates housed in the Forensic treatment Center and the Intermediate Care Unit. Services are also offered to stability level D inmates who are housed in the Restrictive Housing Unit.

Overview of Education Counseling and Testing: The educational counselor will schedule every new inmate for an initial interview to determine his educational background and interests. The TABE test is used to determine educational levels of the students. Based on these levels, students are placed in Literacy programs, ABE programs or GED programs. The TABE test is also utilized to determine if the student possesses the educational level to be successful in our vocational programs.

Overview of Inmate Education Orientation: New inmates are scheduled for an orientation program conducted weekly. At orientation, inmates view a video of the available education programs and have an opportunity to review the education department booklet. This booklet list the available education programs at SCI Waymart.

Overview of Academic Programs: The academic program offerings are delivered by five Adult Basic Education Teachers. Classes include Basic Skill instruction, General Education Development (GED) instruction, and an opportunity to earn credit hours for participating in major academic courses similar to enrollment requirements within the Public Education Sector. In addition, Money Smart classes along with Pre-Vocational classes are offered every semester. A Reading to Your Children Program is offered to inmates at least once per year and more frequently if the waiting list deems it necessary. Victim Awareness Education classes are run a minimum of once per quarter in order to comply with the ACT 143 mandate.

Overview of Vocational Programs: SCI Waymart's vocational offerings are designed to provide training that will provide entry level skills in the various trade areas. Trade Base certifications in the form of NOCTI, NCCER, OSHA, Serv-Safe, GATF, and ICDL are offered within the various programs. Vocational Programs include Business Occupations, Carpentry, Graphic Communications, Restaurant Trades and Cosmetology.
