RE: Restricted Inmate Movement due to COVID 19
General Population – A, B and C Blocks

Due to the spread of the COVID 19 virus the Pennsylvania Department of Corrections is implementing a "Statewide System Reset" effective 12/10/2020. This involves a reduction in cohort size to four cells/eight inmates. This reduction is intended to reduce and contain the spread of COVID-19 in the DOC. As much as operationally possible, cohort integrity will be maintained, so the same 8 inmates will always interact during this period. This schedule does not apply to inmates on enhanced quarantine. When an inmate comes off quarantine, they will be worked into the schedule.

All inmates are required to wear their issued mask anytime they leave their cell.

Meals will continue to be delivered to the cell.
Commissary will continue to be delivered to the cell.
All inmate property will be delivered to the cell.
Barber shop will be closed.
The Law Library will be closed. Legal issues will be addressed by request.

Attorney Phone and legal video conferences calls will continue. All inmates will be on the callout and will be escorted by a CO to the appropriate area.

Parole will continue. All inmates will be escorted.

Every inmate in general population will be given a one-hour period during the day to shower, use the phone, use the Kiosk or spend in the "TV Pit". This hour will rotate every day so the period outside of the cell will change every day. Phones, kiosks, showers and areas used in the dayroom will be cleaned after each cohort's use.

Video visits will continue as they have.

Free cable has been extended until further notice.

A "temporary" loosening of TV programming restrictions is now in effect until further notice.

If you have questions please ask your unit team for clarification.
