RE: Contact Visitation – Kiss & Embrace

On November 17, 2021, the Department placed a pause on the permitted kiss with a visitor during contact visits.

Effective March 1, 2022, this pause will cease, and inmates with contact visits will be permitted a kiss & embrace pursuant to current policy.

Thank you for your cooperation during this time, and we're hoping that you're looking forward to resuming in-person visits tomorrow.
