- Inmate must have possession of their **own tablet** (property will be verifying the serial number) or have proof that the tablet was destroyed or sent home by DOC staff.
- The trade-in program for the 1.0 to the 2.0 will be made available for six (6) months from the date the tablet is implemented at a facility.

Upon shipment of your trade-in 2.0 tablet, GTL will LOCK your 1.0 tablet. If you sync your device, your device will become locked. You should sync your device prior to submitting your cash slip and then use the kiosk to send emails and NOT the tablet. The reason for this is that you will then be able to sync your 2.0 device upon receipt and immediately allow you to start receiving your previously purchased media.
